

History of Postcards

Name: _____ Date: _____

How did postcards evolve? As you read about the history of the postcard, write both notes about the era, and draw conclusions about how one period caused the next evolution of the postcard. For example, more of the population becoming educated could have caused more people to write each other. At the end, you will be asked for a general conclusion about the history of postcards and why they aren't used as much today.

Conclusion Question-Why do you think that postcards aren't as heavily used today? What has replaced the postcard? Please back up what you say with evidence.
