RE: FY15 Salary & Benefit Allocation for Non-Union Support Staff & District Administrators

We are entering the final year of a three-year negotiated UEA agreement calling for an average salary increase of 3.1% for union staff in 2014-15.

Dr. Donald D. Owen, Superintendent is recommending that the Board of Education approve that the District non-union support staff, clerical, maintenance/custodial staff and administrators receive the same average increase of 3.1% for FY15.
