

URBANA SCHOOL DISTRICT # 116
BUSINESS OFFICE MEMO

RE: Sanitary Hauling Contract Renewal for 2015-16

The Sanitary Hauling Contract allows for an annual increase equal to CPI. The sanitary hauling company is asking for a 2.5% increase, which was the CPI for garbage and trash collection. Republic Services (formerly Allied Waste Services) has provided us with sanitary hauling for many years with no problems.

It is my recommendation that the board approve Republic Services as the sanitary hauling company for the 2015-16 school year. I have attached a copy of the rates for the 2015-16 school year.
