RE: Renewal of ARAMARK Food Service Contract for 2015-16

---

Attached you will find a request by ARAMARK for an increase in the rates for our food service management contract for the 2015-16 school year. They are requesting an overall estimated increase of 3.0 % in our contract, which is the CPI (Food Away from Home) increase allowed by our contract. This is the first renewal of our contract with ARAMARK, which was bid out in 2014.

I recommend board approval to continue the ARAMARK food service management contract for 2015-16.
