

# Halloween Safety Tips

Trick or Treat with a parent or trusted adult and stay together if you are traveling in a group.

Wear bright clothing and carry a flashlight or glowstick

Stay in well-lit areas, never take shortcuts, and never go into isolated areas.

Be alert when crossing a street. Look in both directions and make sure that there are no cars coming.

Only approach homes that are well-lit both outside and inside

**NEVER** go into a stranger's house or approach a strange vehicle, even if it looks like no one is inside.

Make sure you can see and breathe properly through your mask or costume. All costumes should be flame resistant.

If you are an older kid or young teen, and going out with friends, make sure that your parents know where you are going and who you are going with.

Don't eat any candy until you get home. Have parents inspect treats before you eat them.

Stay alert for any suspicious incidents and report anything unusual to a parent, police officer or trusted adult

Be Safe! & have a fun Halloween!
