
You're invited...
Squeakapalooza
Squeak Night in Champaign/Urbana

*Tuesday evening, May 1st
6:30-9:00pm, 1404 Siebel Center*

Hosted by UIUC Department of Computer Science
Office for Math, Science, and Technology Education
College of Education
www.squeakcmi.org

From 6:30-7:30 for students and families

Work of local elementary and middle school students will be showcased. This part of the evening is mainly for the kids and parents, but interested administrators and educators are welcome to come.

From 8:00-9:00 for educators

A Squeak informational session and panel is planned. We extend a special invitation to **all C/U school administrators and teachers**, and to any interested adults, to learn about Squeak - a free software environment useful in all disciplines, that challenges our kids to use technology to explore, to create, to think, and to learn.

- **What is Squeak? Why Squeak?**

Excerpts from an Emmy-winning documentary and examples from local experts

- **What has been going on in the community with Squeak?**

Find out about local initiatives and projects

- **An ambitious goal and challenge for C/U**

What are the next steps to bringing this amazing software to all of the kids in C/U?
