Dear Parent/Guardian:

On behalf of Urbana School District #116 Board of Education, administrators, teachers, and support staff, I would like to welcome you and your children to the 2021-2022 school year! Part of our mission is to provide students with the skills, knowledge and character traits to develop their own personal greatness. We look forward to partnering with you to help your student reach her or his highest goals.

In accordance with various laws, rules and regulations established by the State and Federal Government, as well as the Board of Education, the Urbana School District is responsible for notifying you of several policies and procedures. Please be aware that information contained in this manual may be changed during the school year. The most current rules and policies can be found on the district website. Due to the ongoing pandemic and health crisis in our country, the District may need to update our policies and practices based on guidance from our State Superintendent or the Governor. Please continue to stay connected with us via our website, email, and social media for the most up to date information.

We encourage you to review this booklet with your child(ren). Please sign the form that states you have received the "General District Policies and Procedures 2021-2022" handbook. Please return the Student Directory Form to your school if you desire to exclude your child from directory listings.

ATTENDANCE

The following guidelines, procedures, and definitions have been developed to deal with excused and unexcused absences. Adjustments were made to insure conformity with the Compulsory Attendance Article as amended in the State of Illinois School Code, the revised guidelines issued by the Illinois Office of Education, and the attendance policy of District #116. These policies and guidelines apply to all levels of K-12.

The current policy of Urbana School District #116 states the following:

The acceptable reasons for absence are illness of the student or illness in his/her immediate family, family emergency, observance of religious holidays, death in the immediate family, and such situations beyond the control of the student. If a child is not well, he/she should stay at home for his/her own sake and in consideration of his/her classmates. When it is necessary for a student to be absent, the parents/guardians are required to call the attendance office on the first day of absence. Students who are out of school because of illness may be requested to present a medical excuse upon their return to school.

If it is necessary for a student to be absent for reasons other than illness, a parent's/guardian's written request may be accepted by school authorities as a justifiable reason for an absence. At such times, the written request must be submitted prior to the absence.

When a student wishes to be excused from school for reasons other than the above, the parent/guardian must call to explain the reason for the proposed absence. The principal will give approval if the reason for the absence is valid.

General Guidelines:

1. All absences, except absences due to personal illness or death in the immediate family as defined in the policy, are to be recorded and treated as unexcused unless approval for the absence is obtained prior to its occurrence. Procedures for requesting that an absence be classified as excused are outlined in numbers two through four following.
2. Requests for classifying an anticipated absence as excused must be filed with the building principal at least five (5) school days prior to the absence.
3. The request must be filed in writing using the approved form designed for the purpose. The request filed using this form is not complete without a parental signature, teachers' signatures, and an administrative signature. Forms for filing this request are available in all school offices.
4. Upon receipt of the request, the principal will classify the anticipated absence as either "approved" or "unapproved". The criteria for making this determination will include the following: recommendations from teachers, previous attendance record, and reasons(s) for the anticipated absence. Notification of the classification will be sent to the parent and teachers involved prior to the anticipated absence.
5. Primarily for secondary students, work missed as a result of an excused absence may be made up for credit; work missed as a result of an unexcused absence may not be made up and will result in a "O" for the day(s) missed. Work made up from an excused absence must be completed immediately after returning to school. The student will be allowed one day to make up work for

each day of excused absence unless other previous arrangements have been made with the teacher.

Procedures for Reporting Excused Absence:

When a student is absent because of illness, observance of a religious holiday, death in the immediate family, or an emergency in the immediate family, as defined in the school policy, these procedures are to be followed:

The parent or guardian is to call the school attendance office (principal's office in schools other than the middle school and high school) on the morning of the first day of the absence. The parent is to indicate the reason for the absence and the estimated duration of the absence. In special cases where absence is over an extended time or is frequent, the principal may request reasons in writing from the parent and/or a statement from a physician.

- Thomas Paine, 384-3572
- Wiley, 384-3670
- Yankee Ridge, 384-3608
- Washington, 384-3616

All absences, regardless of reason, that are not reported by phone will be recorded as unexcused. Written statements are also accepted at all buildings except Urbana High School. At Urbana High School, telephone calls must be made between 7:15 a.m. - 4:15 p.m. on the day of the absence, or the absence will be considered unexcused.

Excessive Absences:

The maximum number of excused absences allowed in a semester is eight (8). Parents may request that an absence be excused for the following reasons: personal illness, family illness, medical/dental appointments, religious holidays, and funerals. Building administration has the final authority to determine whether or not an absence will be excused.

Once a student has accumulated eight absences per semester, any additional absence will be considered unexcused and handled as an unexcused absence. Excluded from this policy shall be absences which are verified by a doctor's statement. The doctor's statement must be an original copy signed by a licensed medical professional. It must include the date(s) of the student's relevant absence(s). Students exceeding five (5) unexcused absences per semester will be reported to the Regional Superintendent as chronically truant.

Continued patterns of excessive excused or unexcused absences may result in a parent meeting with the school's Student Engagement Advocate, Attendance Review Team, referral to the Regional Office of Education Truancy Officer and/or a referral to the Champaign County State's Attorney.

Truancy:

Truancy is defined as unexcused absence for any school day or portion thereof.

Habitual or chronic truancy is defined as unexcused absences totaling 5% or more of the previous 180 regular attendance days. Notification will be given to parents prior to student absence reaching the 5% level.

Schools will utilize supportive services and other school resources in an attempt to correct the truant behavior of students who are approaching a chronic truancy classification.

If the positive measures provided by the school fail to correct the behavior of a student, a chronic truancy report will be made to the Truant Officer at the Regional Office of Education, who will take appropriate action against the parents or the student, whichever is indicated by the situation.

7:70 Attendance and TruancyCompulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 12 in the public school regardless of age. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to policy 7:90, *Release During School Hours* ([10 ILCS 5/7-42](#) and [5/17-15](#)), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and Board of Education policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed.
The Superintendent or designee is authorized to determine when the student's absence is

justified.

2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran.
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.
4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
5. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in [105 ILCS 5/26-2a](#).
6. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem.
7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.
8. Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement.
9. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered.
10. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
11. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student.
12. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.
13. A process for a 17 year old resident to participate in the District's various programs and resources for truants. The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *School Admissions and*

Student Transfers To and From Non-District Schools.

14. A process for the temporary exclusion of a student 17 years of age or older for failing to meet minimum attendance standards according to provisions in State law. A parent/guardian has the right to appeal a decision to exclude a student.

STUDENTS RIGHTS AND DISCIPLINE POLICY

7:130 Student Rights and Responsibilities

All students are entitled to enjoy the rights protected by the [U.S.](#) and [Illinois Constitutions](#) and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and avoid violating the rights of others. Students who violate the rights of others or violate District policies or rules will be subject to disciplinary measures.

Students may, during the school day, during noninstructional time, voluntarily engage in individually or collectively initiated, non-disruptive prayer or religious-based meetings that, consistent with the Free Exercise and Establishment Clauses of the U.S. and Illinois Constitutions, are not sponsored, promoted, or endorsed in any manner by the school or any school employee. *Noninstructional time* means time set aside by a school before actual classroom instruction begins or after actual classroom instruction ends.

7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary

action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

7:180 Preventing Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Definitions from 105 ILCS 5/27-23.7

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic

medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

1. Using the definition of *bullying* as provided in this policy, the Superintendent or designee shall emphasize to the school community that: (1) the District prohibits bullying, and (2) all students should conduct themselves with a proper regard for the rights and welfare of other students. This may include a process for commending or acknowledging students for demonstrating appropriate behavior.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.

1. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
2. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of the incident of bullying was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident of bullying.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
 - c. Notifying the Building Principal or school administrator or designee of the report of the incident of bullying as soon as possible after the report is received.
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

1. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
2. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. A student's act of reprisal or retaliation will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.
3. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.
4. The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.
5. The Superintendent or designee shall post this policy on the District's website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
6. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy's outcomes and effectiveness. This process shall include, without limitation:

- a. The frequency of victimization;
- b. Student, staff, and family observations of safety at a school;
- c. Identification of areas of a school where bullying occurs;
- d. The types of bullying utilized; and
- e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. The Superintendent or designee must post the information developed as a result of the policy evaluation on the District’s website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.

1. The District’s bullying prevention plan must be consistent with other Board policies.

7:185 Teen Dating Violence Prohibited

Each student has a right to a safe learning environment. Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

The Superintendent or designee shall develop and maintain a program to respond to incidents of teen dating violence that:

1. Fully implements and enforces each of the following Board policies:
 - a. 2:260, *Uniform Grievance Procedure*. This policy provides a method for any student, parent/guardian, employee, or community member to file a complaint if he or she believes that the School Board, its employees, or its agents have violated his or her rights under the State or federal Constitution, State or federal statute, Board policy, or various enumerated bases.

- b. 2:265, *Title IX Sexual Harassment Grievance Procedure*. This policy prohibits any person from engaging in sexual harassment in violation of Title IX of the Education Amendments of 1972. Prohibited conduct includes but is not limited to sexual assault, dating violence, domestic violence, and stalking.
 - c. 7:20, *Harassment of Students Prohibited*. This policy prohibits any person from harassing, intimidating, or bullying a student based on the student's actual or perceived characteristics of sex; sexual orientation; gender identity; and gender-related identity or expression (this policy includes more protected statuses).
 - d. 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. This policy prohibits students from engaging in bullying, intimidation, and harassment at school, school-related events and electronically. Prohibited conduct includes threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.
2. Encourages anyone with information about incidents of teen dating violence to report them to any of the following individuals:
- a. Any school staff member. School staff shall respond to incidents of teen dating violence by following the District's established procedures for the prevention, identification, investigation, and response to bullying and school violence.
 - b. The Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager identified in policy 7:20, *Harassment of Students Prohibited*.

3. Incorporates age-appropriate instruction in grades 7 through 12, in accordance with the District's comprehensive health education program in Board policy 6:60, *Curriculum Content*. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, *Student Social and Emotional Development*.

4. Incorporates education for school staff, as recommended by the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager.

5. Notifies students and parents/guardians of this policy.

BP 7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.

- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
- 5. Using or possessing a cellular telephone, electronic signaling device, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.
- 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
- 8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
- 9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
- 10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
- 11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.

12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm.

Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and any involved student's parent/guardian. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

ADOPTED: October 20, 2020

Use of Time Out, Isolated Time Out, and Physical Restraint

Time Out is defined as a behavior management technique that involves the monitored separation of a student from classmates with a trained adult for part of the school day, usually for a brief time, in a non-locked setting.

- Only staff who have obtained and maintained certification in Therapeutic Crisis Intervention (TCI) Training should engage a student in a Time Out or Physical Restraint.
- A TCI trained adult who is responsible for supervising the student must remain with the student at all times during the time out.
- If a room used for time out has a door, the door will not be locked at any time during the time out.

Time out (as defined by ISBE for reporting purposes) only includes situations when the student is in a monitored enclosure due to exhibiting behavior that poses an imminent danger to self or others, not situations where the student is being disruptive and needs to cool down in a sensory room, reflection area, or other positive or therapeutic supports.

- The following are not considered a Time Out according to ISBE Guidance
 - Positive behavior interventions, support services, and routine discipline
 - Sensory breaks, calming breaks, use of study carrels or non-enclosed partition in the classroom, similar interventions at staff direction in the building
 - Student requested opportunity to go to a different room/location
 - Removing other students (clearing) from a classroom and working with (or waiting for support for) an escalated student in the classroom
 - Transporting a student out of a classroom
 - In school suspension, detention, or being sent to the principal's office
 - Brief time in the hallway or other routine discipline measures

Isolated Time Out, defined as the involuntary confinement of a student alone in a room or a clearly defined area from which the student is physically prevented from leaving, is not prohibited but is significantly limited. Isolated time out may be used only when the adult in the time out room is in imminent danger of serious physical harm because the student is unable to cease actively engaging in extreme physical aggression.

For an isolated time out, an adult who is responsible for supervising the student must remain within two feet of the enclosure. The supervising staff member must always be able to see, hear, and communicate with the student. The door shall not be locked or held to block egress. A student in isolated time out shall not be supervised by cameras, audio recording, or any other electronic monitoring device.

Physical Restraint is defined as holding a student or otherwise restricting the student's movements. Physical restraint as permitted pursuant to this Section includes only the use of specific, planned techniques. A physical restraint shall not impair a student's ability to breathe or speak normally.

- **Prone** physical restraint shall not be permitted.
- **Physical Restraint** does not include momentary periods of physical restriction by direct person-to-person contact, without the aid of material or mechanical devices, accomplished with limited force and designed to: 1) prevent a student from completing an act that would result in potential physical harm to himself, herself, or another or damage to property; or 2) remove a disruptive student who is unwilling to leave the area voluntarily. Staff is allowed to use momentary periods of physical restriction as defined above to ensure student safety, regardless of whether they have gone through TCI training.

- **Time out and physical restraint** as defined in this document shall be used only for therapeutic purposes, or as a means of maintaining a safe environment for learning, and only to the extent that they are necessary to preserve the safety of students and others. Neither time out nor physical restraint shall be used in administering discipline to individual students, i.e., as a form of punishment

Isolated Time Out (ITO), Time Out (TO) and Physical Restraint (PR) may only be used to the extent necessary to preserve the safety of students and others and may not be used as a form of punishment/discipline.

The Superintendent or designee shall compile an annual review of the use of isolated time out or physical restraint reported to ISBE on form 11-01 Physical Restraint and Time Out Form.

INTERNET ACCEPTABLE USE POLICY (IAUP)

We are pleased to offer students of the Urbana School District #116 access to the district computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form each year to the school office. Students 18 and over may sign their own forms.

Access to e-mail and the internet will enable students to explore thousands of libraries and databases while exchanging messages with internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, Urbana School District #116 supports and respects each family's right to decide whether or not to apply for access.

District Internet and E-mail Rules

Students are responsible for good behavior on school computer networks as they are in a classroom or school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege - NOT A RIGHT. Access entails responsibility.

Individual users of the district computer networks are responsible for their behavior and communications over our network. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

As outlined in board policy and procedures on students' rights and responsibilities, copies of which are available in school offices, the following are NOT permitted:

- sending or displaying offensive messages or pictures
- using obscene language
- harassing, insulting or attacking others
- damaging computers, computer systems or computer networks violating copyright laws
- using another's password
- trespassing in another's folders, work or files
- intentionally wasting limited resources
- employing the network for commercial purposes
- accessing games, IRC (chats), MUD's, MOO's, MUVE's or other similar sites without permission from a teacher

Violations may result in a loss of access as well as other disciplinary or legal actions.

Top Six Things to Know Prior to Using the Internet

1. The Internet is a network of computers and computer networks that provides access to information contained on millions of computers around the world.
2. Because the information on the Internet comes from all over the world, we need to understand that neither Urbana School District #116 nor any staff member controls the content of this information. Some information may be controversial, offensive, or inaccurate.
3. The Internet is a powerful resource tool. When at school, students should use it under the direction and guidance of professional staff for educational purposes only.
4. Any information that is available on the internet is the product of another individual's work, and must be cited if used. This information is referred to as intellectual property and includes pictures, logos, trademarks, printed materials, computer software, video and sounds.
5. The internet allows students not only to receive information, but to send it to others. In light of that, students should behave in a responsible manner when communicating electronically.
6. Urbana School District #116 uses filtering/blocking software, it is important to note that no filtering/blocking software is 100% guaranteed and must be paired with supervision and good parental involvement.

Respecting Resources

- I will abide by security restrictions on all systems and information to which access is permitted. I will not attempt to evade, disable, or "crack" passwords or other security provisions. - I am responsible for my individual account and will not share my password with others, nor will I access the network or other information source without proper authorization.
- I will not use another person's account to send or receive email. Plagiarism and Copyright Infringement
- I will not plagiarize any materials (documents, web pages, software, graphics, etc.) that I find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours.
- I will respect copyright and other intellectual-property rights. Unauthorized copying of files or passwords belonging to others may constitute plagiarism or theft. Modifying files without authorization (including altering information, introducing viruses, or damaging files) is unethical, may be illegal, and may lead to sanctions.
- The Urbana School District #116 does not condone and specifically forbids the unauthorized duplication of software.

Sanctions

- Violating these rules may result in a loss of access.
- Additional disciplinary action may be taken at the building level in line with existing practice regarding inappropriate language or behavior.
- Legal action will be taken when applicable.

Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

Nonpublic or home-schooled student, regardless of whether they attend a District school part-time, will not be allowed to participate in IHSA/IESA sponsored extracurricular activities unless the activity is directly related to an/or part of the requirements of a credit class. Any non eligibility tracked activities are open to all students. A nonpublic or home-schooled student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board of Education policy 7:30, *Student Assignment and Intra-District Transfer*, as well as administrative procedures implementing this policy.

STUDENT RESIDENCY

7:60 Residence

Resident Students

Only students who are residents of the District may attend a District school without a tuition charge, except as otherwise provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a notarized affidavit, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Requests for Nonresident Student Admission

Non-resident students may attend District schools upon the approval of a request submitted by the student's parent(s)/guardian(s) for non-resident admission. The Superintendent may approve the request subject to the following:

1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
2. The student will be accepted only if there is sufficient room.
3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law.
4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Nonresident Students Pursuant to an Agreement or Order

Nonresident students may attend District Schools tuition-free pursuant to:

1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.
2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and nonresident pupils of charitable institutions.
3. According to an intergovernmental agreement.
4. Whenever any State or federal law or a court order mandates the acceptance of a nonresident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. Board of Education policy 6:140,

Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a non-resident of the District for whom tuition is required to be charged, he or she on behalf of the Board of Education shall notify the person who enrolled the student of the tuition amount that is due. The notice shall detail the specific reasons why the Board believes that the student is a nonresident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, 105 ILCS 5/1020.12b.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

For additional information about USD116 Board Policy regarding FERPA, please see section 7:15 Student and Family Privacy Rights which may be found under the Board Policy section of the district website.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

STUDENT DIRECTORY INFORMATION

As established by District Policy and State Statute, the school may not divulge to any person, agency or organization any information contained in school records without written consent, other than to: school officials within the district who are directly involved with the student; the State Superintendent's Office as stipulated by statute; other school districts where a student has enrolled, and Federal agencies as specified by statute.

Student ID #, School, Grade Level, Date of Birth, Name, addresses and telephone numbers of students and parents may be released to non-commercial agencies or organizations. Requests for this information will be honored when it is felt to be in the interest of the families with children enrolled in the schools.

If you as a parent wish to have your name and your child's name excluded from directory listings of this type, you are asked to return the form below. If excluded, your child's name will not be on any general mailings, such as lists to service organizations, colleges and universities, etc.

REQUEST FOR EXCLUSION FROM STUDENT DIRECTORY

I hereby request that directory information for the student(s) listed below be excluded from listings released by the school district to various non-commercial agencies or organizations for the 2020-2021 school year.

Dyslexia

According to the International Dyslexia Association definition as adopted by the Illinois State Board of Education, Dyslexia is a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

In addition to adopting the definition listed above, school code states that

- Dyslexia is one of a number of disorders included as a specific learning disability that may adversely affect the student's educational performance and result in the child's eligibility for special education and related services.
- Each child suspected of having dyslexia or identified as dyslexic shall be referred for an evaluation in accordance with the requirements of 34 CFR 300.311 and Subpart B of this Part.

While the school district does not diagnose dyslexia as part of our screening, assessment, special eligibility determination processes, we can and should take a student's unique/specific learning needs into account when addressing his or her instructional needs. If you suspect your child has dyslexia, please contact the school psychologist to schedule a meeting to discuss the concern, review available information, problem solve, and consider whether special education evaluation is warranted.

Medicaid Billing

State and federal laws allow school districts to be Medicaid service providers for children with disabilities who are eligible under the Individuals with Disabilities Education Act (IDEA) and the Medicaid program. This means that our school district can bill for federal reimbursement for related health services stated in your child's IEP. School claims for Medicaid payment for these services will not affect your child's receipt of health services from your family physician or other health providers in any way.

Our school district cannot submit claims to Medicaid for your child's services if you do not want us to do so. Our district's billing Medicaid for these services will not change your child's IEP services or your right to receive Medicaid services as long as your son or daughter continues to be eligible for Medicaid services.

If you wish to deny the district's access to reimbursement from Medicaid for health services in your child's IEP, you should do so in writing. Our school district will continue to bill Medicaid for special services unless you notify us in writing that you wish us to stop. If you wish to stop the district from submitting claims to Medicaid for your child, send a written statement to Todd Taylor, Assistant Superintendent for Student Services, Urbana School District 116, 1101 E. University Ave., Urbana, IL 61802.

Related Service Logs

The District maintains related service logs that document the type and number of minutes of related service administered under a student's individualized education program (IEP). These related service logs will be available to parents/guardians at a student's annual review IEP meeting. Parents/guardians may also request a copy of any IEP related service log maintained for their child. Please direct any requests for a copy of a related service log for your child to your building administrator or your child's special education case manager.

EDUCATION OF CHILDREN WITH DISABILITIES PROVISION OF FREE APPROPRIATE PUBLIC EDUCATION

The Urbana School District #116 provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals with Disabilities Education Act (IDEA), The School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act. This policy applies to children between the ages of 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's Special Education rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District follows procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education's Special Education rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by section 504 of the Rehabilitation Act of 1973, the District implements a system of procedural safeguards. The safeguards cover students' identification, evaluation, and educational placement. This system includes notice, an opportunity for the student's parent(s)/guardian to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian, representation by counsel, and a review procedure.

If necessary students may also be placed in non-public special education programs or education facilities.

IDENTIFICATION, ASSESSMENT, AND PROVISIONS FOR SPECIAL EDUCATION SERVICES TO ELIGIBLE CHILDREN NOT ENROLLED IN THE DISTRICT

The District is responsible for the identification, assessment, and provision of special education services to students attending non-public schools located within the city of Urbana.

ACCOMMODATING INDIVIDUALS WITH DISABILITIES

In accordance with school board policy, individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities and will not be subject to illegal discrimination. When appropriate, the District may provide to persons with disabilities aids, benefits, or services that are separate or different from, but as effective as, those provided to others.

The District will provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

Individuals with disabilities should notify their school building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting. In general, requests for accommodation that are made less than seven (7) school days before the date of a school-sponsored function, activity, or meeting may not be honored depending on the logistical complexity of the accommodation requested.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent or designated Title II Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

HOME AND HOSPITAL INSTRUCTION

A student who is absent or projected to be absent from school for a period of 10 days or more during the school year on an ongoing or intermittent basis, because of a medical condition may be eligible for instruction in the student's home or hospital. Eligibility will be determined by the Illinois State Board of Education rule governing the continuum of placement options for home/hospital services. Appropriate educational services shall begin as soon as eligibility is established. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program. To access home hospital instruction, please contact your building principal to obtain a Medical Certification for Home Hospital Instruction form to be completed by your child's physician, licensed physician's assistant, or licensed advanced practice nurse.

A student who is unable to attend school because of pregnancy will be provided home instruction before the birth of the child if the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction as well for up to 3 months after the child's birth or a miscarriage.

Periodic conferences will be held between appropriate school personnel, parents and hospital staff to coordinate course work and facilitate a student's return to school.

Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under Board of Education policy 8:20, *Community Use of School Facilities*. Any student may file a discrimination grievance by using Board policy 2:260, *Uniform Grievance Procedure*.

Students shall be supported in a

manner consistent with their gender identity. This will include, but not be limited to, use of restrooms, locker rooms, and other facilities that correspond with the student's gender identity.

Any student may file a sex equity complaint by using Board policy 2:260, *Uniform Grievance Procedure*. A student may appeal the Board's resolution of the complaint to the Regional Superintendent (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8).

GRADING AND PROMOTION

6:280 Grading and Promotion

The Superintendent shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and performance on the standardized tests required by the Ill. State Board of Education (ISBE)and/or other assessments. A student shall not be promoted based upon age or any other social reason not

related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

ACCELERATED PLACEMENT PROGRAM

6:135 Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student’s parent(s)/guardian(s);
2. Notification processes that notify a student’s parent(s)/guardian(s) of a decision affecting a student’s participation in the APP; and
3. Assessment processes that include multiple valid, reliable indicators.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement. Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

Reports and complaints of harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

For any report or complaint alleging sexual harassment that, if true, would implicate Title IX of the Education Amendments of 1972 (20 U.S.C. §1681et seq.), the Nondiscrimination Coordinator or designee shall consider whether action under policy 2:265, *Title IX Sexual Harassment Grievance Procedure*, should be initiated.

For any other alleged student harassment that does not require action under policy 2:265, *Title IX Sexual Harassment Grievance Procedure*, the Nondiscrimination Coordinator or a Complaint Manager or designee shall consider whether an investigation under policies 2:260, *Uniform Grievance Procedure*, and/or 7:190, *Student Behavior*, should be initiated, regardless of whether a written report or complaint is filed.

BLOODBORNE PATHOGENS

Handling Blood Exposures

The Urbana School District will be following OSHA and Illinois Department of Labor regulations on handling blood exposures. These regulations are designed to protect District employees. Staff members will be wearing protective equipment (vinyl gloves) in dealing with a bleeding student.

It is extremely rare for students to come in contact with someone's blood or body fluids. However, there is no way the school can protect students from each other in every circumstance.

Please help us keep your student safe by:

1. Explaining to your student that diseases can be passed by touching blood and other body fluids from others.
2. Encourage your student to wash his/her hands carefully if he/she accidentally touches blood or other body fluids from others.
3. Encourage your student to report immediately any contact he/she has with blood or body fluids of others.

If you have questions or concerns, please contact the District Nurse at 384-3616.

HEALTH GUIDELINES

- Given COVID-19 and the global pandemic, the district is currently in the process of developing additional health/safety procedures for students in school. At the time of the printing and/or posting of this handbook, those procedures are still being developed. Parents/guardians will receive more specific guidance about health/safety protocols and procedures prior to the start of the 2021-22 school year.
- No child should be sent to school with a fever (temperature above 100 degrees Fahrenheit). If they have been sick, they should not return to school until they have been free of fever for 24 hours without the aid of fever reducing medications.
- A child with diarrhea should be kept home.
- If vomiting occurs, keep at home until they can eat and keep food down.
- If your child develops a body rash you need to have the doctor diagnose the problem. Please let us know what your doctor says before your child returns to school. There may be times when we will need to request a note from the doctor.
- If your child has strep throat or impetigo, the child needs to be on medication for 24 hours before

returning to school.

- When a child has chicken pox, they may return after all the pox are dry and crusted over, usually not sooner than 6 days after it begins.
- Head lice are a nuisance but have not been shown to spread disease. Parents/guardians of a student observed to have nits (lice eggs) or live lice will receive notification and treatment information from staff at that student's school.

ALLERGY ALERT INFORMATION

If your child has been diagnosed with a LIFE THREATENING ALLERGY please notify the Principal in your child's building. You will be provided with the necessary paperwork, so that together we can make arrangements to provide your child with a safe and healthy learning environment. If you have questions or concerns, please feel free to contact the District Nurse at Ph # 384-3616.

MANDATORY HEALTH REQUIREMENTS FOR SCHOOL

PHYSICALS AND IMMUNIZATIONS

A physical exam and immunizations are required to be on file for every child in the school district. Students entering an Urbana School from another school district will have 30 days to comply. If the previous school does not send the physical and immunizations with the records it is the responsibility of the parents or guardians to obtain these documents.

New physicals are required for early childhood, kindergarten, sixth and ninth grade. The examination must be completed within one year prior to entry into the above grades. ***If the child does not have a physical prior to the first day of school, they will not be allowed to attend.*** This policy is strictly enforced. Any new students to the school district will still have 30 days to comply with this requirement. Physical forms are available on our web-site or at the schools.

DENTAL EXAMINATIONS

A dental examination is required for all incoming kindergarten, second, sixth and ninth graders. The examination must be performed by a licensed dentist and a "Proof of Dental Examination Form" must be completed by the dentist. These forms are available on our web-site or at the schools. The forms must be completed by May 15th of the current school year. Please note, if your child has had an exam in the last 18 months, the dentist can complete the form based on that appointment. If the school does not have a completed form for your child, the school can withhold your child's year end report card.

VISION EXAMINATION

A vision examination is required for all incoming kindergartners or children enrolling for the first time in an Illinois public or private school. This examination must be performed by a licensed ophthalmologist, optometrist or a physician who provides complete eye examinations. These forms are available on our web-site or at the schools. These forms must be completed by October 15th of the current school year.

VISION AND HEARING SCREENINGS

Vision and hearing screening will be administered during the 2021-2022 school year according to the Illinois Department of Public Health guidelines. The mandate requires that students are routinely screened for vision in Early Childhood, Kindergarten, second and eighth grade and screened for hearing in Early Childhood, Kindergarten, first, second and third grade. In addition, all students in special education are screened for vision and hearing annually. Students can also be screened by teacher or parent request if the child exhibits symptoms. Any transfer student who has not previously had a vision and hearing screening will also be screened. This is only a screening and does not take the place of an examination by a doctor. A more comprehensive vision exam can be obtained through an optometrist or ophthalmologist.

Your child is not required to participate in the vision screening if you have submitted a report signed by an optometrist or ophthalmologist indicating that your child has had an exam within the previous 12 months. If you wish to exempt your child from the vision screening or would like to know the date the vision screenings will be done at your child's school, please contact the District Nurse's office at 384-3616.

SCHOOL MEDICATION GUIDELINES

7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

The Board of Education authorizes the Superintendent or designee to establish and maintain a parent-teacher advisory committee to develop, in conjunction with the Board guidelines for administering medication in school.

The District will limit its dispensation of medications to situations where failure to take prescribed medication could jeopardize the student's health and/or education and where it is not possible for a parent to administer the medication and the medication cannot be prescribed in doses scheduled for before and after school hours.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian. **Please refer to the following current Agreement between Urbana Education (Support) Association, IEA-NEA and Urbana School District #116 Board of Education.**

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed an *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student’s parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

3. Animals, oversized objects, glass containers, or any inappropriate materials (i.e. tobacco and related material, alcohol, and other prohibited items) are not allowed on the bus, as designated by School Board Policy.
4. Eating and drinking while on the bus is not allowed, as a step to prevent choking. All food and drinks should be stored away in closed containers or packages during the bus ride.
5. Students must observe classroom and school-wide expectations as covered by the Student Handbook. Ordinary conversation is permitted. Horseplay, unruly behavior, fighting, abusive and obscene language or gestures are unacceptable. Kicking, hitting, pushing, spitting, yelling or screaming, littering or other inappropriate behaviors are forbidden on the bus, just as they are at school or on the school grounds.
6. Students must keep feet, backpacks, book bags and other items within the seating area at all times. The aisles and stairwell must be clear of items and objects at all times.
7. All body parts must be kept inside the bus window at all times.
8. Students must remain seated in the same seat facing forward until they are dropped off at their bus stops. Moving about the bus while it is in motion is unsafe and unacceptable. A student must move out of a seat promptly if requested to do so by the driver or monitor.
9. If a student causes damage to the bus, parents will be expected to pay for that damage.
10. Regular schedules must be observed. The bus will not wait for tardy students. Students must be at the bus stop 5 minutes before the scheduled pick up time.
11. Students should get on and off the bus only at their designated stops.
12. Failure to follow these rules may result in a range of consequences up to and including suspension from transportation.

EARLY CHILDHOOD BUS (FIRST STUDENT) POLICIES

1. Bus service is only available within the Urbana School District #116 boundaries.
2. Due to insurance purposes, only Urbana School District #116 residents may use the bus. The Urbana School District is not responsible for transporting children who relocate outside of the Urbana School District area mid-year. Those children must find their own transportation to/from school for the remainder of the school year.
3. Be at the bus stop 10 minutes before and allow 10 minutes after the scheduled bus time for the bus to arrive. The driver will only wait one minute at each stop. **BUS PERSONNEL IS NOT ALLOWED TO LEAVE THE BUS OR ALLOWED TO HONK THE HORN.**
4. A designated adult **MUST** be at home and clearly identifiable to the driver and/or monitor before the student is released to the adult. You may be asked to show a valid picture ID. If this policy is not followed, the child will be returned to the Early Childhood office.
5. If you know that you have missed your child's bus drop-off time, please call the bus lot (344-4586) to verify that your child is returning to the Early Childhood office. At that time, you will need to inform the Early Childhood office of your pick-up arrangements.
6. If your child is returned to school, you will be charged a \$10.00 return childcare fee. You will also be charged for the time your child has to be supervised by school staff according to the following fee schedule:
 - 1-15 minutes = \$5
 - 16-30 minutes = \$10
 - 31-45 minutes = \$15Each time a child is returned to school, the parent/guardian will be sent a letter noting the number of returns for the year, childcare fees owed, and the bus policies. A staff member will also contact the family with each return. Bus transportation may be discontinued if a childcare fee is not paid within 2 weeks or if a child is returned more than 3 times.
7. Call the bus lot office (344-4586) if your child is sick or does not need bus service. The bus lot opens at 7:00 AM. Please call before 8:00 AM for the morning sessions and before 11:00 AM for the afternoon sessions.
8. While drop off sites may be at different Urbana locations for arrival and dismissal times, (for example, picked up at home each morning, but dropped off at the babysitter's address afterschool) children must be picked up and/or dropped off at the same location each school day. Daily changes in address for pick up/delivery cannot be made. If you need to make a long-term change in the bus pick-up and drop-off, please give 4 days notice. For changes, please call the Early Childhood Program office (384-3616). **ONLY 3 BUS CHANGES PER CHILD DURING THE SCHOOL YEAR ARE PERMITTED.**
9. Children who are tantruming and unsafe may be kept at school rather than put on the bus. The teacher will call the parent to come and pick up the child and discuss the situation.
