For safety and efficiency, ALL of our families have the following responsibilities:

- Your teacher needs to know how your student is getting home. Any changes to what is communicated at the beginning of the year requires a phone call to the office. The choices are bus, car, or walking (includes being picked up by family on foot)
- If the way your student(s) is getting home changes that day, call the school as soon as possible and leave a message with the main office. We must know **by 1:30pm** to accommodate changes.

WALKING TO AND FROM SCHOOL

Students who live in the neighborhood are encouraged to walk or ride their bicycles to school when possible. Parents are asked to teach and stress the following expectations with their child:

1. Walk on the sidewalk when one is available.
2. Do not walk on other people's lawns.
3. Cross only at the corners. Obey crossing guards when they are on duty.
4. **Do not arrive at the patrol corners before 7:55 AM. The crossing guard is there for your child's protection and will not be in place before that time.**
5. Walk directly to and from school and do not stop to play.
6. Please promptly notify the school if your child does not arrive home at the expected time.

SAFE WALKING ROUTES

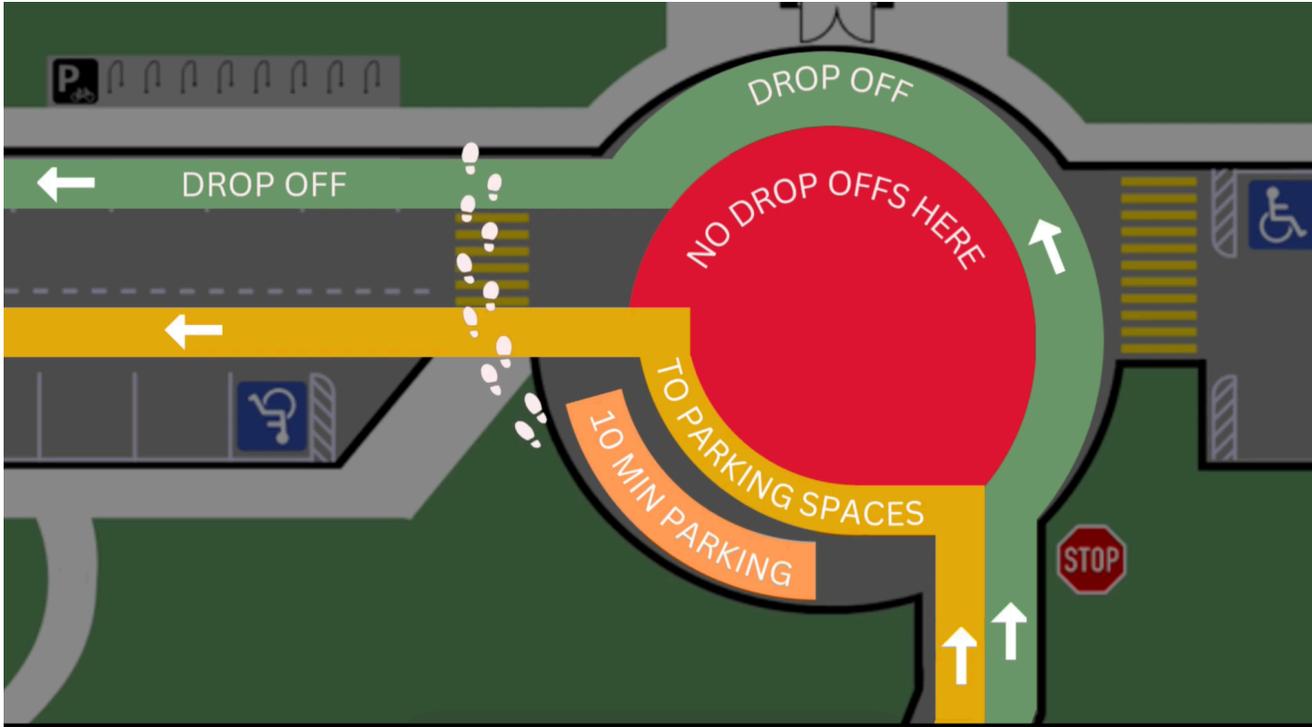

We ask parents to honor the safe walking route when walking children to and from school. Not only are they learning the safe route so they will use it when you are not with them, but other students will be watching you, as adults, model the route.

BICYCLE RIDING

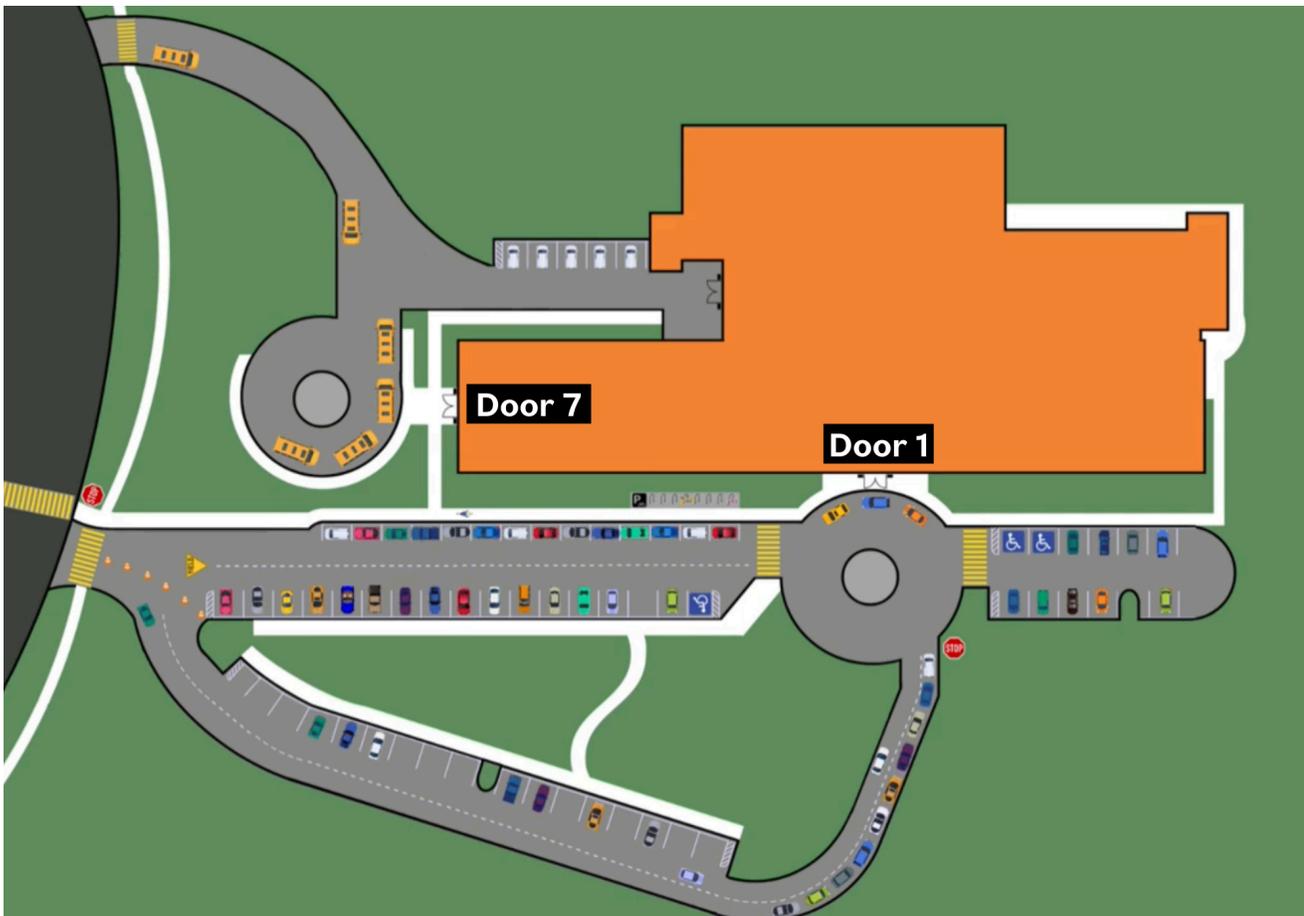

Students in 3rd, 4th, or 5th grades are eligible to ride their bikes to school. Younger students wishing to ride a bike must be accompanied by a parent, other adult or older sibling if pre-approved. The following guidelines must be followed:

1. Bike riding is restricted to those students who are not eligible for bus service.
2. Students must wear a bike helmet and lock their bike to the bike rack.

ATTENDANCE

Regular school attendance is a priority at Thomas Paine. We strongly encourage students to attend school every day and to arrive on time.

NOTIFYING THE SCHOOL OF TARDIES/ABSENCES

You are required to notify the school office if your student(s) will be absent from school or arriving late.

- **TELEPHONE:** Call the school attendance office at 217-384-3572 and speak to one of the school secretaries.
- **LEAVE A VOICEMAIL:** The Thomas Paine answering machine is on 24/7, so you may leave a message at any time. Please leave your child's name, their teacher's name and the reason for the absence or tardy.
- **EMAIL:** You may e-mail the Attendance Secretary, Deborah Long at dlong@usd116.org or the Office Manager, Delilah Murphy at demurphy@u4sd.org. In your message, please give your child's name, their teacher's name, and the reason for the absence or tardy.

Please report absences by any of the above methods by 10:00AM on the first day of the absence and every day thereafter until the student returns to school. Schools are required by law to contact parents early in the school day if students are absent without explanation. This measure is an important safety precaution.

District policy defines "excused," as student illness, illness in the immediate family, or a family emergency. We depend on parents to see that students do not miss school for other reasons, which must typically be recorded as "unexcused."

It is well established that students have better academic achievement when their attendance is good. With that fundamental goal in mind, whenever there is an absence or tardy concern, our district Attendance Specialist will contact parents. This person works with the children and their families, asking how to provide support that leads to improved attendance and learning.

Family vacations should be planned whenever possible to coincide with the school calendar. If you must take a student out of school for a planned absence, please notify the school office at least a week in advance and ask that homework be requested from your child's teacher.

TARDINESS TO SCHOOL

It is important that your child arrives at school on time. Classes begin at 8:15 AM. Students who are late to class miss valuable instruction time and their late arrival interrupts the education of their classmates.

REQUESTING HOMEWORK FOR ABSENCES

If you would like your child's schoolwork sent home, please request it from the secretary prior to 9:00 AM. Schoolwork will be available for pick-up in the school office after 3:15 PM. You may also have work sent with a sibling or friend.

CHECKING INTO SCHOOL

Students must check in through the school office upon arrival to get a pass to class. Parent signature is strongly encouraged.

CHECKING OUT OF SCHOOL

In order to check out a student from school, we need the signature of an authorized adult over the age of 18. Authorized adults include parents, guardians or emergency contacts as authorized by the parent on the student registration form. If someone other than the parent, guardian, or authorized emergency contact will be picking up the student, the parent must advise the office either verbally or in writing. Students will not be released to unauthorized individuals. Students

must check out through the school office before leaving the building. A parent, guardian, or authorized adult signature will ALWAYS be required. This policy applies for all schools in the district for the safety and welfare of our students.

ABSENCES

The acceptable reasons for excused absences according to Illinois State Board of Education (ISBE) are: "Valid cause" for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, student mental health day, civic event per Public Act (PA) 102-981, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student."

When it is necessary for a student to be absent, the parents/guardians are required to call the attendance office on the first day of absence. Students who are out of school because of illness may be requested to present a medical excuse upon their return to school.

All absences, except absences due to personal illness or death in the immediate family as defined in the policy, are to be recorded and treated as unexcused unless approval for the absence is obtained prior to its occurrence. Procedures for requesting that an absence be classified as excused are outlined in numbers two through four following.

All absences, regardless of reason that are not reported by phone will be recorded as unexcused. Written statements are also accepted at all buildings except Urbana High School. At Urbana High School, telephone calls must be made between 7:30 a.m. - 4:00 p.m. on the day of the absence, or the absence will be considered unexcused.

Mental Health Absences

What is Mental Health?

The Illinois State Board of Education recognizes that supporting our educators' and students' mental and emotional well-being is vitally important to achieving our agency's vision, mission, and goals.

Public Act 102-0321 (Senate Bill 1577) amends the compulsory attendance article of the School Code by allowing students to take up to five mental or behavioral health days per year. Students are not required to provide a medical note and must be given the opportunity to make up any schoolwork missed during such absences. A student may be referred to the appropriate school personnel following the second mental health day.

Excessive Absences:

The maximum number of excused absences allowed in a school year is eight (8). Parents may request that an absence be excused for the following reasons: personal illness, family illness, medical/dental appointments, religious holidays, and funerals.

Once a student has accumulated eight absences per year, any additional absence will be considered unexcused and handled as an unexcused absence. Excluded from this policy shall be absences that are verified by a doctor's statement. The doctor's statement must be an original copy signed by a licensed medical professional. It must include the date(s) of the student's relevant absence(s).

It is crucial for students to be in attendance. We have numerous avenues for support to help you in making attendance a priority. If your student is out for 15+ days, students will be dropped and family will need to re-enroll upon return. All interventions will be attempted when a student has received 15+ unexcused absences, however, this may result in the student being dropped for nonattendance (105 ILCS 5/26-12).

Continued patterns of excessive excused or unexcused absences may result in a parent meeting with the school's Student Engagement Attendance Advocate, Attendance Review Team, referral to the Regional Office of Education Truancy Officer, and/or a referral to the Champaign County State's Attorney.

Truancy:

Truancy is defined as unexcused absence for any school day or portion thereof.

Habitual or chronic truancy is defined as unexcused absences totaling 5% or more of the previous 180 regular attendance days. Parents will be notified by their school before student absence reaches the 5% level.

Schools will utilize supportive services and other school resources in an attempt to correct the truant behavior of students who are approaching a chronic truancy classification.

If the positive measures provided by the school fail to correct the behavior of a student, a chronic truancy report will be made to the Truancy Officer at the Regional Office of Education, who will take appropriate action against the parents or the student, whichever is indicated by the situation.

BP 7:40 Nonpublic School Students, Including Parochial and Home-Schooled Students

PART-TIME ATTENDANCE

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

Nonpublic or home-schooled student, regardless of whether they attend a District school part-time, will not be allowed to participate in IHSA/IESA sponsored extracurricular activities unless the activity is directly related to an/or part of the requirements of a credit class. Any non eligibility tracked activities 18 are open to all students. A nonpublic or home-schooled student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

ASSIGNMENT WHEN ENROLLING FULL-TIME IN A DISTRICT SCHOOL

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board of Education policy 7:30, Student Assignment and Intra-District Transfer, as well as administrative procedures implementing this policy.

Why is School Attendance Critically Important?

Absences can translate into students having difficulty learning to read by the third-grade, achieving in middle school, and graduating from high school. Read this elementary parent handout for more details.

Students who are excessively tardy or absent will be contacted by our Student Engagement Attendance Advocate, Denardo Williams.

COMMUNICATING WITH THE SCHOOL

VISITOR POLICY

1. All visitors to school property must adhere to the following sign-in procedures:
 - a. Sign in and document the purpose for the visit and location/staff member to be visited through either a visitors' or volunteers' log
 - b. Show identification
 - c. Wear a visitor's badge/sticker throughout the visit
2. Any requests to meet or confer with a staff member must be scheduled in advance and occur at a mutually agreeable time outside of the staff member's instructional time. When scheduling a conference:
 - a. Contact the staff member to set up a mutually agreed upon time to meet
 - b. Follow sign-in procedures at the main office, as indicated above
 - c. When in the building for a conference, visitors may not visit other spaces without checking in at the main office and following the above procedures
3. Requests for classroom observations by a parent or qualified professional must be made 48 hours in advance to the Building Administrator AND the Executive Director of Student Services. This request is made through an Observation Request Form so the administration can coordinate the observation with the classroom staff.
 - a. If the visit will be completed by someone other than a parent or guardian, the parent or guardian must provide written permission via the District's Release of Information form. This form must be completed at least annually and maintained within the student's file.
 - b. While it is preferable that decisions for observations be discussed via a team meeting, we recognize that this is not always possible. However, attempts to hold a team meeting should be made.

While visits to schools, events, and classrooms are encouraged and contribute to positive student outcomes, it is critical that we ensure a safe and conducive learning environment is maintained. Any individual visiting any school building for any reason must adhere to Board Policy 8:30 at all times. All visitors must understand that by engaging in any conduct that interferes with, disrupts, or adversely affects the District or a School function could lead to removal from school property and/or denied admission.

All visitors must check in before visiting classrooms and attain a visitor's sticker to be worn on the upper part of your shirt.

TELEPHONE COMMUNICATIONS

Classroom instructional time is very valuable to your child. If you need to speak with your child's teacher, leave a message with the secretary in the office or a voicemail for either the teacher or office staff. The teacher will return the call as soon as possible.

Please refrain from making calls to your child at school unless it is an emergency. If it is absolutely necessary to communicate with your child, the secretary will take a message and relay it to your child. Students are not allowed to take phone calls during the school day.

Day of transportation changes will need to be communicated to the office prior to 1:30 PM to ensure we are able to appropriately notify the student and their classroom teacher. To ensure safety for all students, we will not accept transportation changes unless it is directly from a parent/guardian listed on the student's Skyward.

Students are allowed to use the phone at school to call home for forgotten items such as lunch, backpacks, musical instruments or PE shoes. Lack of these items can result in a lack of instructional time. Students are NOT typically allowed to call for these forgotten items: routine homework, money for class parties, library books, etc. These items are considered to be the responsibility of the student to remember.

EMAIL COMMUNICATION

The main office sends periodic updates to parents via e-mail. These messages include important information such as: registration dates, time, and procedures, reminders of early dismissals and days out of school, requirements for school physicals, or any other topics of interest to families.

CONFERENCES

Parent/teacher conferences are scheduled in the fall and in the spring on designated dates. The teacher or parent/guardian as needed may arrange additional conferences. Please call in advance to request a conference at other times.

RESPONSE TO INTERVENTION TEAM

The Thomas Paine Response to Intervention Team (RtI) is an interdisciplinary team composed of the building administration, school psychologist, and teachers. RtI meets weekly after school to discuss student academic and behavioral concerns. If you have concerns, please speak to your child's teacher, who can initiate a referral for assistance from this team.

COMPLAINTS

If you should ever have a concern with regard to Thomas Paine Elementary School, you are invited to express yourself by following these procedures:

1. Talk to the staff member(s) who are involved. Staff members will work through any issues first, before administration becomes involved. Please utilize a growth mindset and problem-solving perspective when meeting. It is a rare situation that cannot be solved through a conference.
2. If the staff member is unavailable, or a satisfactory solution was not achieved in the conference, the parent has the right and responsibility to talk to the building principal. The building principal will investigate the complaint and handle it within the guidelines of Unit #116.

NON-CUSTODIAL PARENTS

Thomas Paine staff will be happy to provide newsletters, report cards, progress reports, etc., to non-custodial parents. It is the responsibility of the parent to request such information from the classroom teacher. Non-custodial parents may visit the classroom and have parent-teacher conferences about their child. However, Thomas Paine will not call a non-custodial parent to remove the child from the school premises unless we have written authorization from the custodial parent. (By listing the non-custodial parent as an emergency contact on the registration form, you give us the authorization to release the child to that parent in case of an emergency when we cannot reach the custodial parent.)

Parents who are separated, but not legally divorced, are advised that the school finds itself in a difficult position when determining who should be allowed to remove the child from the school premises. Unless there is assigned custody or other court papers indicating that one parent cannot have access to their child, the school can release the child to either parent.

FOOD ALLERGIES

Students with special dietary needs (examples – allergies, diabetes) will be accommodated when documentation from a medical doctor is provided. The documentation shall include the student’s name, diagnosis, special diet, allowable substitutions, doctor’s signature, and date. Thomas Paine is a peanut **aware** school. If you have any questions regarding the USD #116 Food Service program, please contact foodservice@usd116.org.

SCHOOL CLOSINGS AND SAFETY PROCEDURES

SCHOOL CLOSINGS

If it becomes necessary to close schools due to inclement weather, announcements will be made over a wide variety of local radio, TV, newspapers, social media and the Crisis Go system. Students and parents are reminded that, until they personally hear an announcement via the media, they should assume that schools are operating normally. The decision to close schools is made by the Superintendent of Schools and not by each building. Therefore, the announcement will be made regarding the “Urbana School District”, not specifically about Thomas Paine.

SAFETY DRILLS

Fire Drills are a necessary routine for ensuring the safety of students and staff. All students and staff are expected to follow the established fire drill plan posted in each room in the school. When the fire alarm bell sounds students are expected:

- To evacuate the building in a safe quick, quiet, and respectful manner
- To evacuate the building through the designated exits
- To wait until the all clear sound is given, then to respectfully re-enter the building

Tornado Drills are also a necessary routine to ensure the safety of students and staff in the event of a tornado. A tornado drill procedure has been established for the school and is posted in each room of the school. When a tornado alarm is sounded students and staff are expected to report quickly and quietly to their assigned area of safety.

Crisis Drills are held as needed but will be done at least twice a year. The principal will notify you when crisis drills are held so you are aware. At Thomas Paine we have developed a crisis plan to safeguard your child in the event of an emergency. All staff members at Thomas Paine know what to do in an emergency and the plan has been discussed with their students.

In the event of a real emergency at Thomas Paine:

- **DO NOT COME TO THE SCHOOL**, law enforcement agencies will block the streets near us.
- **DO NOT CALL THE SCHOOL**, in a real emergency we need to keep the phone lines open.

INCLEMENT WEATHER

On most days students are outside during lunch/recess, class recess and P.E. If it is raining or if the wind chill temperature is lower than 20 degrees Fahrenheit, students will be brought or kept inside.

BUS EXPECTATIONS AND CONTRACT

First Student buses are utilized for daily transportation to and from school for qualifying students. The buses are also used for approved field trips. While on the bus, students should remain seated until the bus arrives and stops at its destination. Proper and safe behavior is expected on the bus. The bus driver has a great deal of responsibility for all students on the bus. We expect that all students respect the bus rules and follow any instructions given by the driver. Appropriate behavior is required on the bus, and bus-riding privileges may be suspended for recurring misconduct. For questions regarding bus transportation, please contact First Student’s Transportation Manager at **217-344-4586**.

URBANA SCHOOL DISTRICT #116 BUS RULES AND EXPECTATIONS

A safe, orderly, and respectful environment for everyone is the expectation on the school bus. Whenever students are riding a school bus, whether on a regular route each day or on a field trip, they are responsible to follow these rules. Parents are urged to encourage good bus riding habits so that the driver may direct his or her attention to the surrounding traffic and to safe loading and unloading procedures.

1. To ensure safety, the driver must be totally in charge. Students must respond promptly to instructions given.
2. Students must get completely quiet when the bus stops at railroad tracks.
3. Animals, oversized objects, glass containers, or any inappropriate materials (i.e. tobacco and related material, alcohol, and other prohibited items) are not allowed on the bus, as designated by School Board Policy.
4. Eating and drinking while on the bus is not allowed, as a step to prevent choking. All food and drinks should be stored away in closed containers or packages during the bus ride.
5. Students must observe classroom and school-wide expectations as covered by the Student Handbook. Ordinary conversation is permitted. Horseplay, unruly behavior, fighting, abusive and obscene language or gestures are unacceptable. Kicking, hitting, pushing, spitting, yelling or screaming, littering or other inappropriate behaviors are forbidden on the bus, just as they are at school or on the school grounds.
6. Students must keep feet, backpacks, book bags and other items within the seating area at all times. The aisles and stairwell must be clear of items and objects at all times.
7. All body parts must be kept inside the bus window at all times.
8. Students must remain seated in the same seat facing forward until they are dropped off at their bus stops. Moving about the bus while it is in motion is unsafe and unacceptable. A student must move out of a seat promptly if requested to do so by the driver or monitor.
9. If a student causes damage to the bus, parents will be expected to pay for that damage.
10. Regular schedules must be observed. The bus will not wait for tardy students. Students must be at the bus stop 5 minutes before the scheduled pick up time.
11. Students should get on and off the bus only at their designated stops.
12. Failure to follow these rules may result in a range of consequences up to and including suspension from transportation.

INJURIES AND ILLNESSES

A note from the nurse: It's that time of the year again when kids are heading back to school! In the office, we find ourselves seeing students with scraped knees, upset stomachs, headaches, and other maladies associated with the school day and playground mishaps. Here are a few reminders to help us tend to your children and make sure they are taken care of in the best possible way.

- **Help the school keep others healthy. Don't send your child to school sick, especially if they are running a fever.** The student must be clear from the fever for **24 hours** before returning back to school.
- In addition, notify the nurse if your child develops an infectious disease or condition such as pinkeye, chickenpox, or strep throat.
- Keep your child up to date on their immunization schedule. Make sure your child has all the appropriate shots and boosters for their age, and give a copy of those records to the school each year.
- **Registering Students entering K, Gr. 2, Gr. 6-** The Illinois State Board of Education requires that all children in **kindergarten, second, and sixth grade** have an oral health examination. Please share proof of an exam with the office.
- **Registering students entering Early Childhood, K, Gr. 6, Gr. 9-** Students entering the Early Childhood Program, kindergarten, sixth, or ninth grade must have a physical exam on file with the school district prior to enrolling. *Students who do not have physical exams by the first day of school will not be allowed to attend school. This policy will be strictly enforced.*

- Update emergency contact information. The school nurse should have a way of contacting you in the event of an emergency, as well as a back-up contact should you be unavailable during the day.
- Update medical information on a regular basis. If your child has a chronic illness, such as asthma, his medication and physician’s instruction should be on file in the office.
- Keeping your child healthy and able to attend school will make their time in class go much easier and be more enjoyable for all involved. Let’s look forward to another great year!

EMERGENCY MEDICAL INFORMATION

All students are required to have emergency medical information on file. Please note that it is the school district policy to call 911 for any medical emergency. If 911 is called, the office will make every attempt to notify parents immediately. If families have not arrived and the student is taken to a hospital via ambulance, a school administrator or designee will go with the child. Please be sure to keep school staff up-to-date on any health issues that may need to be addressed. Many staff members are certified in AED/CPR/First Aid. Staff members have also been trained in very specific medical techniques such as Epipen use, diabetes control, and seizure control. An AED and Epipen are available outside the school gym doors. Note: training and certification in these areas does not keep staff from calling 911 in an emergency.

MEDICATION AT SCHOOL

If medication needs to be given during school hours, the following rules **MUST** be followed:

- All medications, including non-prescription drugs, given at school must be prescribed by a physician. A School Medication Authorization Form **MUST** be completed each school year. The Doctor must sign the form. The form is available in the school office.
- Prescription medication must be in the original container labeled by the Pharmacy showing the student’s name, name of medication, dosage and schedule of administration, date, and the prescriber’s name.
- Non-prescription medication must be in the original labeled container with the student’s name on the container. A medication authorization form must be completed.
- No medication will be given at school unless the above guidelines are met.
- Under **NO** circumstances should the medication be sent to school with the child on the bus.

*Contact our District School Nurse if you have any questions. (217-384-3600)

HEALTH CONCERNS

If a child is ill, and has any of the following symptoms/concerns, they should be kept at home:

Fever	Temperature of 100 degrees or more. Students must be fever free (without medication) for 24 hours before returning to school.
Diarrhea	Students must be diarrhea free (without medication) for 24 hours before returning to school.
Vomiting	Students must not have vomited for 24 hours (without medication) before returning to school.
Skin Rash	Excluded until under a doctor’s care unless the doctor has verified that it is not contagious.
Pink eye	Students may return to school when they have been treated for 24 hours
Ringworm	Students may return to school when they have been treated for 24 hours.
Impetigo	Students may return to school when they have been treated for 24 hours.

Chicken pox	Students will stay home 6 days and then may return after the pox has been scabbed over for 48 hours.
Scabies	May attend after being treated for 24 hours with effective insecticide, all family members are treated with insecticide, and clothing and bedding has been laundered.

Any child who becomes ill or is severely injured at school *must be picked up* by a parent or designated adult unless the school office receives specific instruction from the parent to do otherwise with the student.

If a child has any of the listed illnesses or is suspected to have something contagious, they will be isolated until a family member or designated adult picks up the child from school. Before the student returns to school, they must be symptom free from fever, vomiting, or diarrhea WITHOUT MEDICATION for 24 hours. Please report any contagious illness to the office or teacher. A classroom note will be sent home if a child is exposed to a contagious illness. If a student misses more than 3 days due to illness, a physician’s note may be required to excuse absences and/or ensure that the student is ready to return to school. Families will be notified of any injuries and an accident report is completed.

If there are any changes in a child’s health status, please contact the office immediately. To ensure that the school can reach families in case of an emergency, it’s important to make sure that the office has an up-to-date phone number, emergency contacts, and doctor’s name.

GUARDIAN CONTACT

Please contact the office with any changes to your address or telephone numbers. It is important in case the school needs to contact families regarding emergencies, conferences, etc. “emergency contacts” should also have updated phone numbers in our system in the event we cannot reach the primary contacts.

PROGRAMS AND ACTIVITIES

READING AND LANGUAGE ARTS

In August 2024, Urbana School District # 116 adopted a new literacy curriculum: Amplify Core Knowledge Language Arts (CKLA) which is a language arts program we will use for Grades K–5. The curriculum combines a multi-sensory approach to phonics with rich texts carefully sequenced to build content knowledge—so that students learn to read and read to learn at the same time. While teaching skills in reading, writing, listening, and speaking, Core Knowledge Language Arts (CKLA) builds students' knowledge and vocabulary in literature, history, geography, and science. Learn more about the program in this brief [video](#).

MATH

Our school district has adopted a problem-based curriculum, where students spend most of their time in class working on problems. Teachers help students understand the problems, ask questions to push their thinking, and facilitate discussions to ensure that the mathematical takeaways are clear. Learners gain a rich and lasting understanding of mathematical concepts and procedures and experience applying this knowledge to new situations. Students frequently collaborate with their classmates—they talk about math, listen to each other's ideas, justify their thinking, and critique the reasoning of others. Additionally, they gain experience communicating their ideas both verbally and in writing. See Illustrative Math in action in this brief [video](#).

SCIENCE AND SOCIAL STUDIES

Our school's science core curriculum is guided by Next Generation Standards. Our school provides hands-on instructional opportunities in science. We utilize Social Studies texts, and teacher created materials to meet the Illinois Learning Standards for Social Science. In addition, we invite local community or university personnel to present specific topics that meet the Common Core Learning Standards.

ASSESSMENT SUPPORT

All students are assessed three times per year using the NWEA Measures of Academic Progress assessment tool (Fall, Winter, & Spring). This assessment measures student growth in the areas of: math, reading and language usage. Family reports will be sent to your email after the benchmarking period. All students are assessed three times per year (Fall, Winter, & Spring) using mCLASS. The mCLASS assessment is an all-in-one system for Science of Reading-based universal screening, dyslexia screening, progress monitoring, and instruction for grades K-5. This assessment helps us measure and strengthen the foundational skills that all students need to become confident readers. These one-minute assessments collect data for the following: Phonological Awareness, Alphabetic Principle/Phonics, Reading Fluency, Reading Accuracy and Reading Comprehension. Throughout the school year, additional progress monitoring using mCLASS may be completed

PHYSICAL EDUCATION

Our school district has adopted new standards in this area. Students will have PE two times per week, please check with the classroom teacher so that students can wear or bring gym shoes on the days they have PE.

FINE ARTS

Students will participate in fine arts for the areas of music, art, dance & drama on a six week rotation. A variety of performances occur throughout the school year within these areas, please watch for information regarding school-wide events. Students attend the library once per week throughout the school year.

BAND AND STRINGS

Band and Strings music instruction is offered to students in fifth grade. The Band and Strings teachers will contact fifth grade classrooms and provide information during the first few weeks of school.

FIELD TRIPS

Thomas Paine students travel on field trips for experiences that support the educational curriculum. When a field trip is planned for your child's class, you will receive a permission slip from your child's teacher telling you the date, time, and location of the field trip. You must return the signed permission slip to your child's teacher in order for your child to attend. If you do not return the permission slip and we cannot contact you to obtain verbal permission, your child may be held back from the field trip. We make every effort to obtain permission for all students to attend these experiences. There may be a charge for some field trips, and we ask parents to pay the admission fee if possible. No child will be held back from a field trip because of inability to pay.

Parent chaperones are welcome and often needed on field trips. However, there may be limits on parent chaperones at the request of the location being visited. Parents should not bring other children on the field trip – either younger siblings or school-age students in another grade.

MENTORING PROGRAM

The CU One-to-One Mentoring Program pairs selected students with community volunteers. Volunteer mentors develop a relationship with the student and enjoy seeing the student progress through the school year. Mentors spend about one half-hour to one hour a week during the school day talking to a student. No previous experience required - all volunteers participate in training prior to working with a student. Call the school office if you are interested.

POSITIVE BEHAVIOR INTERVENTIONS SYSTEM (PBIS)

PBIS is a proactive system approach practiced in our school environment. It is designed for all students and is based on sound research utilizing effective teaching practices. PBIS fosters positive teaching and learning environments in all settings and enables school staff to focus on academics because we realize the power of the social environment intertwines with the success of academic curriculum. Social skills are reinforced daily with recognition and relationship building. Student successes are enthusiastically recognized and celebrated.

CELL PHONE POLICY

We understand that some parents are allowing their children to carry cell phones to school. If you allow your student to carry a cell phone, please be advised of these guidelines.

1. Students carry cell phones at their own risk. Thomas Paine does not assume any responsibility for loss, damage, or theft of cell phones.
2. Cell phones must be turned off and stored in student backpacks at all times while students are on school property.
3. Cell phones may not be removed from the student's backpack and displayed to other students or adults.
4. Students may not make or receive cell phone calls during school hours, on school grounds, or on the school bus.

Staff members may confiscate cell phones from students who do not abide by the above rules. Confiscated cell phones will be held in the school office and may be claimed by a parent or guardian after a conference with the Principal or Assistant Principal.

ATTENDANCE

The following Administrative Procedures and definitions have been developed to deal with excused and unexcused absences. Adjustments were made to insure conformity with the Compulsory Attendance Article as amended in the State of Illinois School Code, the revised guidelines issued by the Illinois Office of Education, and the attendance policy of District #116. These policies and guidelines apply to all levels of K-12.

Absences

The acceptable reasons for excused absences according to Illinois State Board of Education (ISBE) are: "Valid cause" for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, student mental health day, civic event per Public Act (PA) 102-981, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the mental, emotional, or physical health or safety of the student."

When it is necessary for a student to be absent, the parents/guardians are required to call the attendance office on the first day of absence. Students who are out of school because of illness may be requested to present a medical excuse upon their return to school.

All absences, except absences due to personal illness or death in the immediate family as defined in the policy, are to be recorded and treated as unexcused unless approval for the absence is obtained prior to its occurrence. Procedures for requesting that an absence be classified as excused are outlined in numbers two through four following.

Procedures for Reporting Excused Absence:

When a student is absent because of illness, observance of a religious holiday, death in the immediate family, or an emergency in the immediate family, as defined in the district policy, these procedures are to be followed:

The parent or guardian is to call the school attendance office (principal's office in schools other than the middle school and high school) on the morning of the first day of the absence. The parent is to indicate the reason for the absence and the estimated duration of the absence. In special cases where absence is over an extended time or is frequent, the principal may request reasons in writing from the parent and/or a statement from a physician.

- Attendance Office: Urbana Middle School 217-384-3688
- Attendance Office: Urbana High School 217- 384-3522
- Urbana Sixth Grade Center: 217-384-3670
- M.L. King 217-384-3675
- Leal 217-384-3618
- Dr. Preston L. Williams Jr. 217-384-3628
- Thomas Paine 217-384-3572
- Yankee Ridge Multilingual 217-384-3608
- Urbana Early Childhood School 217-384-3616

All absences, regardless of reason that are not reported by phone will be recorded as unexcused. Written statements are also accepted at all buildings except Urbana High School. At Urbana High School, telephone calls must be made between 7:30 a.m. - 4:00 p.m. on the day of the absence, or the absence will be considered unexcused.

Mental Health Absences:

What is Mental Health?

The Illinois State Board of Education recognizes that supporting our educators' and students' mental and emotional well-being is vitally important to achieving our agency's vision, mission, and goals.

Public Act 102-0321 (Senate Bill 1577) amends the compulsory attendance article of the School Code by allowing students to take up to five mental or behavioral health days per year. Students are not required to provide a medical note and must be given the opportunity to make up any schoolwork missed during such absences. A student may be referred to the appropriate school personnel following the second mental health day.

Excessive Absences:

The maximum number of excused absences allowed **in a school year is eight (8)**. Parents may request that an absence be excused for the following reasons: personal illness, family illness, medical/dental appointments, religious holidays, and funerals.

Once a student has accumulated eight absences per year, any additional absence will be considered unexcused and handled as an unexcused absence. Excluded from this policy shall be absences that are verified by a doctor's statement. The doctor's statement must be an original copy signed by a licensed medical professional. It must include the date(s) of the student's relevant absence(s).

It is crucial for students to be in attendance. We have numerous avenues for support to help you in making attendance a priority. If your student is out for 15+ days, students will be dropped and family will need to re-enroll upon return. All interventions will be attempted when a student has received 15+ unexcused absences, however, this may result in the student being dropped for nonattendance ([105 ILCS 5/26-12](#)).

Continued patterns of excessive excused or unexcused absences may result in a parent meeting with the school's Student Engagement Attendance Advocate, Attendance Review Team, referral to the Regional Office of Education Truancy Officer, and/or a referral to the Champaign County State's Attorney.

Truancy:

Truancy is defined as unexcused absence for any school day or portion thereof.

Habitual or chronic truancy is defined as unexcused absences totaling 5% or more of the previous 180 regular attendance days. Parents will be notified by their school before student absence reaches the 5% level.

Schools will utilize supportive services and other school resources in an attempt to correct the truant behavior of students who are approaching a chronic truancy classification.

If the positive measures provided by the school fail to correct the behavior of a student, a chronic truancy report will be made to the Truancy Officer at the Regional Office of Education, who will take appropriate action against the parents or the student, whichever is indicated by the situation.

BP 7:40 Nonpublic School Students, Including Parochial and Home-Schooled Students

Part-Time Attendance The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available

basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

Nonpublic or home-schooled student, regardless of whether they attend a District school part-time, will not be allowed to participate in IHSA/IESA sponsored extracurricular activities unless the activity is directly related to an/or part of the requirements of a credit class. Any non eligibility tracked activities are open to all students. A nonpublic or home-schooled student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board of Education policy 7:30, *Student Assignment and Intra-District Transfer*, as well as administrative procedures implementing this policy.

7:12 Educational Equity

Statement of Need

The Urbana School District acknowledges that persistent racial disparities, inequities, and academic barriers in our district are unacceptable. While efforts have been made to address the inequities between White students and students of color, these efforts have been largely unsuccessful. Equity is essential to the well-being and success of our schools, our students, and our community.

Equity is the removal of systematic barriers and strives to achieve inclusion of all students, especially those who have historically been underserved in public education settings. The concept of educational equity goes beyond equality, where all students are treated the same, to fostering a barrier-free environment in which all students, regardless of their background or personal attributes, are extended the opportunities and resources required for success.

The purpose of this policy is to re-imagine a framework of actionable steps to eliminate institutional racism, inequities of opportunity, and academic disparities in our district. Those factors affect student achievement and learning, and our ongoing work will allow us to create equitable working and learning environments that welcome, respect, and value diversity.

We acknowledge the responsibility for the disparities among our young people rests with adults, not children. We affirm the following:

- We affirm our commitment to close disparities in academic performance between White students and Black, Indigenous, Students of Color (BISOC) students.
- We affirm our commitment to equalizing the disproportionate graduation percentage rates between White students and Black, Indigenous, Students of Color.
- We affirm our commitment to eliminate the disproportionate disciplinary consequences between Black, Indigenous, Students of Color compared to White students for similar offenses.
- We affirm our commitment to eliminate all identified systemic barriers that have created opportunity gaps in access, enrollment, and success in advanced classes for Black, Indigenous, Students of Color.
- We affirm our commitment to eliminate all identified systemic barriers and inequities that have constructed academic and social opportunity gaps for students with (dis)abilities.
- We affirm our commitment to eliminate all identified systemic barriers and educational inequities that have negatively impacted multilingual and immigrant students compared to White, English-speaking students.
- We affirm our commitment to create intentional systemic college and career readiness pathways to assist all students in post-high school success.

This list of patterns does not represent an exhaustive list of ways in which disparities exist within our schools. We acknowledge that any disparity is unacceptable and directly at odds with our belief that all students can achieve.

We recognize that the Urbana School District has a responsibility to educate, but we also acknowledge that public schools have an important role in demonstrating inclusiveness and antiracism to the community as a whole.

Vision

The District's vision for all students is to ensure that all learners acquire knowledge, develop skills, and build character to achieve and succeed at high levels to reach their personal greatness. This requires the District to see each student as an individual with different strengths and needs and meet each student where they are academically, emotionally, and socially. We seek to nurture the potential of each student. We acknowledge it is imperative that every student sees themselves, their history, and their culture reflected through their educational experience.

Urbana School District affirms that equity will not be achieved if it consists of merely inviting students and families into spaces that already exist. Instead, this policy requires us to be intentional in our efforts to create new spaces and opportunities that are intentionally founded with the diverse backgrounds of our historically marginalized families in mind.

In order to realize equitable opportunities and outcomes for everyone, equity must be applied across the following list, which includes but is not limited to:

- race,
- ethnicity,
- gender,
- gender identity,
- gender expression,
- sexual orientation,
- socioeconomic status,
- religion,
- national origin,
- foster status,
- involvement with the juvenile justice system,
- (dis)ability,
- immigration status,
- or linguistic backgrounds.

Urbana School District's climate and culture are designed and operated to be reflective of equitable policies, practices, and procedures in *each* building, *every* classroom, and *all* extracurricular activities.

Commitment

We, Urbana School District, are committed to disrupting and transforming the current and historical systems that have been inequitable in their existence. We recognize that our students have various real-life experiences and personal characteristics that will require diverse pathways to success.

In order to achieve educational equity for our students:

The District shall:

- A. The District shall provide every student with equitable access to an academically rigorous, socially and emotionally responsive, and culturally sustaining education, even when this means differentiating resources to accomplish this goal.
- B. The District shall provide ongoing professional development in the areas of bias and culturally responsive teaching, which include adequate time for feedback and self-reflection.
- C. The District shall negotiate, re-allocate, and re-imagine resources, opportunities, and supports when equal distribution results in inequitable outcomes that do not adequately meet the specific needs and interests of all groups of students.

- D. The District shall recruit, employ, support, and retain racially and linguistically diverse and culturally competent teachers, support staff, and administrators.
- E. The District shall remedy the inequitable practices that lead to the over-representation of students of color in areas such as special education and discipline and the under-representation in programs such as acceleration and Advanced Placement.
- F. The District shall strengthen partnerships with and empower families, especially historically marginalized populations, which include underrepresented people of color and those with varying linguistic backgrounds, as authentic partners in the educational process, school planning, and District decision-making.
- G. The District will investigate existing policies that may serve as barriers to access and full engagement for students.

Definitions

For the purposes of this policy, the following terms shall have the following meanings:

“Academic Barriers” are the unequal distribution of academic resources, including but not limited to; school funding, qualified and experienced teachers, books, and technologies to socially excluded communities. These communities tend to be historically disadvantaged and oppressed.

“Bias” means a positive or negative inclination towards a person, group, or community; it can lead to stereotyping.

“Culturally Responsive Teaching” bridges the gap between teacher and student by helping the teacher understand the cultural nuances within the classroom, an approach that focuses on integrating and sustaining students' multiple cultural identities within the classroom environment and curriculum.

“Diversity” or **“Diverse”** means variety in, including but not limited to race, ethnicity, gender, gender identity, gender expression, sexual orientation, socioeconomic status, religion, national origin, foster status, housing circumstance, involvement with the juvenile justice system, IEP status, disability, learning difference, immigration status, or spoken languages and people with different beliefs.

“Ethnicity” is a social construct that divides people into smaller social groups based on characteristics such as a shared sense of group membership, values, behavioral patterns, language, political and economic interests, history, and ancestral background.

“Equity” refers to fairness and justice and is distinguished from equality. Whereas equality means providing the same to all, equity means recognizing that we do not all start from the same place and must acknowledge and make adjustments to imbalances.

“Implicit Bias” means biases of which people usually are unaware or which operate at the subconscious level. Implicit bias is usually expressed indirectly.

“Institutional Racism” means social policies, practices, procedures, and/or discourse that benefit people who are white at the exclusion of people of color, often unintentionally.

“Opportunity Gap” means the unequal or inequitable distribution of educational resources and opportunities on the basis of race and/or ethnicity; resources may include staffing, academic supports, social and emotional supports, high-quality curriculum, and other programs.

“Racial and Ethnic Equity” means the systematic fair treatment of people of all races and ethnicities that allows equitable outcomes.

“Racism” means the prejudice, discrimination, or antagonism directed against someone of a different race based on the belief that one's own race is superior.

“**Systemic Barrier**” means policies, procedures, or practices that unfairly discriminate and can prevent individuals from participating fully in a situation. Organizational or systemic barriers are often put into place unintentionally.

“**Urbana School District #116**” includes all employees, students, consultants, and contractors of Urbana School District #116.

STUDENTS

7:40 Nonpublic School Students, Including Parochial and Home-Schooled Students Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

Nonpublic or home-schooled student, regardless of whether they attend a District school part-time, will not be allowed to participate in IHSA/IESA sponsored extracurricular activities unless the activity is directly related to an/or part of the requirements of a credit class. Any non eligibility tracked activities are open to all students. A nonpublic or home-schooled student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board of Education policy 7:30, *Student Assignment and Intra-District Transfer*, as well as administrative procedures implementing this policy.

STUDENTS

7:60 Residence

Resident Students

Only students who are residents of the District may attend a District school without a tuition charge, except as otherwise provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a notarized affidavit, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or affidavit stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within six months after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Residence of Students with Disabilities

The residence of a child with a disability is determined in accordance with [105 ILCS 5/14-1.11](#), [5.14-1.11a](#), and [5/14-1.11b](#).

Requests for Nonresident Student Admission

Non-resident students may attend District schools upon the approval of a request submitted by the student's parent(s)/guardian(s) for non-resident admission. The Superintendent may approve the request subject to the following:

1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
2. The student will be accepted only if there is sufficient room.
3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law.
4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Nonresident Students Pursuant to an Agreement or Order

Nonresident students may attend District schools pursuant to:

1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.
2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and nonresident pupils of charitable institutions.
3. According to an intergovernmental agreement.
4. Whenever any State or federal law or a court order mandates the acceptance of a nonresident student.

Admission of Non-Resident Children of Full Time District Employees

The School District may, in accordance with the remaining provisions of this policy, waive tuition for a non-resident student who is the child of a district full-time employee pursuant to [105 ILCS 5/10-20.12a](#)(a). For the purpose of this policy, child means the district employee's biological child, adopted child, foster child, stepchild, or a child for whom the employee serves as legal guardian.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. Board of Education policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a non-resident of the District for whom tuition is required to be charged, he or she on behalf of the Board of Education shall notify the person who enrolled the student of the tuition amount that is due. The notice shall detail the specific reasons why the Board believes that the student is a nonresident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, [105 ILCS 5/10-20.12b](#).

Students absent for a valid cause may make up missed homework and classwork assignments in a reasonable timeframe.

7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.
8. A process for the collection and review of chronic absence data and to:
 - a. Determine what systems of support and resources are needed to engage chronically absent students and their families, and
 - b. Encourage the habit of daily attendance and promote success.

9. Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement.
10. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered.
11. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
12. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student.
13. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.
14. A process for a 17 year old resident to participate in the District's various programs and resources for truants. The student must provide documentation of his/her dropout status for the previous six months. A request from an individual 19 years of age or older to re-enroll after having dropped out of school is handled according to provisions in 7:50, *School Admissions and Student Transfers To and From Non-District Schools*.
15. A process for the temporary exclusion of a student 17 years of age or older for failing to meet minimum attendance standards according to provisions in State law. A parent/guardian has the right to appeal a decision to exclude a student.

The student's parent/guardian must give

written notice to the Building Principal at least five calendar days before the student's anticipated absence(s).

The Superintendent or designee shall develop and distribute to teachers appropriate procedures regarding student absences for religious reasons, including how teachers are notified of a student's impending absence, and the State law requirement that teachers provide the student with an equivalent opportunity to make up any examination, study, or work requirement.

7:100 Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parents/guardians shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grades 6 and 12.

As required by State law:

1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of one and seven years must provide a statement from a physician that their child was *risk-assessed* or screened for lead poisoning.
5. The IDPH will provide all students entering sixth grade and their parents/guardians information about the link between human papillomavirus (HPV) and HPV-related cancers and the availability of the HPV vaccine.
6. The District will provide informational materials regarding influenza and influenza vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parents/guardians.

Unless an exemption or extension applies, the failure to comply with the above requirements by the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after the first day of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice registered nurse, physician assistant, or local health department responsible for administering the immunizations. A student transferring from out-of-state who does not have the required proof of immunizations by the first day of school may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches, or a licensed optometrist, must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in kindergarten and the second, sixth, and ninth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second, sixth, or ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease*, and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced practice registered nurse, or physician assistant provides written verification.
3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement, if the student's parents/guardians show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, [105 ILCS 75/](#):

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, order of protection status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Definitions from [105 ILCS 5/27-23.7](#)

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing

impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Ill. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

1. Using the definition of *bullying* as provided in this policy, the Superintendent or designee shall emphasize to the school community that: (1) the District prohibits bullying, and (2) all students should conduct themselves with a proper regard for the rights and welfare of other students. This may include a process for commending or acknowledging students for demonstrating appropriate behavior.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the [First Amendment to the U.S. Constitution](#) or under [Section 3 of Article I of the Illinois Constitution](#).
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

4. Consistent with federal and State laws and rules governing student privacy rights, the parents/guardians of all students involved in an alleged incident of bullying will be notified of such, along with threats, suggestions, or instances of self-harm determined to be the result of bullying, within 24 hours after the school's administration is made aware of the student's involvement in the incident. As appropriate, the school's administration shall also discuss the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained within the 24-hour period.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
 - c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.
6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.

9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
11. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:
 - a. The frequency of victimization;
 - b. Student, staff, and family observations of safety at a school;
 - c. Identification of areas of a school where bullying occurs;
 - d. The types of bullying utilized; and
 - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- 1) An updated version of the policy with the amendment/modification date included in the reference portion of the policy;
- 2) If no revisions are deemed necessary, a copy of board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- 3) A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

7:185 Teen Dating Violence Prohibited

Each student has a right to a safe learning environment. Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

The Superintendent or designee shall develop and maintain a program to respond to incidents of teen dating violence that:

1. Fully implements and enforces each of the following Board policies:
 1. 2:260, *Uniform Grievance Procedure*. This policy provides a method for any student, parent/guardian, employee, or community member to file a complaint if he or she believes that the School Board, its employees, or its agents have violated his or her rights under the State or federal Constitution, State or federal statute, Board policy, or various enumerated bases.
 2. 2:265, *Title IX Grievance Procedure*. This policy prohibits a District employee, agent, or student from engaging in sex discrimination, including sex-based harassment, in violation of Title IX of the Education Amendments of 1972. Prohibited conduct includes but is not limited to sexual assault, dating violence, domestic violence, and stalking.
 3. 7:20, *Harassment of Students Prohibited*. This policy prohibits any person, including a District employee, agent, or student, from harassing intimidating, or bullying a student based on the student's actual or perceived characteristics of sex; sexual orientation; gender identity; and gender-related identity or expression (this policy includes more protected statuses).
 4. 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. This policy prohibits students from engaging in bullying, intimidation, and harassment at school, school-related events and electronically. Prohibited conduct includes threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.
2. Encourages anyone with information about incidents of teen dating violence to report them to any of the following individuals:
 - a. Any school staff member. School staff shall respond to incidents of teen dating violence by following the District's established procedures for the prevention, identification, investigation, and response to bullying and school violence.
 - b. The Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager identified in policy 7:20, *Harassment of Students Prohibited*.
3. Incorporates age-appropriate instruction in grades 7 through 12, in accordance with the District's comprehensive health education program in Board policy 6:60, *Curriculum Content*. This includes incorporating student social and emotional development into the District's

educational program as required by State law and in alignment with Board policy 6:65, *Student Social and Emotional Development*.

4. Incorporates education for school staff, as recommended by the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager.
5. Notifies students and parents/guardians of this policy.

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:

- a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
- b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
- c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
5. Using or possessing a cellular telephone, electronic signaling device, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.
6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.

8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the

student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in [Article 13A](#) or [13B](#) of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or

weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in [105 ILCS 5/10-20.33](#), State Board of Education rules ([23 Ill.Admin.Code §§ 1.280, 1.285](#)), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code ([18 U.S.C. § 921](#)), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act ([430 ILCS 65/](#)), or firearm as defined in Section 24-1 of the Criminal Code of 2012 ([720 ILCS 5/24-1](#)).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however,

such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report incidents involving battery against staff members to the Ill. State Board of Education through its web-based School Incident Reporting System as they occur during the year and no later than August 1 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

School Bus Suspensions

The Superintendent, or any designee as permitted in the School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Prohibited student conduct as defined in School Board policy 7:190, *Student Behavior* and the District's Bus Rules and Expectations.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Academic Credit for Missed Classes During School Bus Suspension

It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Electronic Recordings on School Buses

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

7:260 Exemption from Physical Education

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act.

The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting. Special activities in physical education will be provided for students whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.

State law prohibits a school board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP).

A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated in 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students*.

Students in grades 7 and 8 may submit a written request to the Building Principal to be excused from physical education courses because of his or her ongoing participation in an interscholastic or extracurricular athletic program. The Building Principal will evaluate requests on a case-by-case basis.

The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education as outlined in policy 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students*.

7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

The Board of Education authorizes the Superintendent or designee to establish and maintain a parent-teacher advisory committee to develop, in conjunction with the Board guidelines for administering medication in school.

The District will limit its dispensation of medications to situations where failure to take prescribed medication could jeopardize the student's health and/or education and where it is not possible for a parent to administer the medication and the medication cannot be prescribed in doses scheduled for before and after school hours.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian.

Please refer to the following current Agreement between Urbana Education (Support) Association, IEA-NEA and Urbana School District #116 Board of Education.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an allergy emergency action plan, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement [105 ILCS 5/22-30\(f\)](#) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement [105 ILCS 5/22-30\(f\)](#) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine injector* means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement [105 ILCS 5/22-30\(f\)](#) and maintain a supply of undesignated opioid antagonists and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement [105 ILCS 145/27](#) and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions. When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District;
 - c. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*; and
 - d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.
2. A properly trained school nurse or administrator, who shall be allowed to administer the *medical cannabis infused product* to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student is

in before-school or after-school care on school-operated property or while being transported on a school bus.

3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The **School District Supply of Undesignated Asthma Medication** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication.

The **School District Supply of Undesignated Epinephrine Injectors** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine injectors.

The **School District Supply of Undesignated Opioid Antagonists** section of the policy is void whenever the Superintendent or designee is unable to obtain a supply of opioid antagonists due to a shortage, in which case the District shall make reasonable efforts to maintain a supply.

The **School District Supply of Undesignated Glucagon** section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for glucagon from a qualifying prescriber, or (2) fill the District's prescription for undesignated school glucagon.

The **Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

CROSS REF.: 7:285 (Anaphylaxis Prevention, Response, and Management Program)

Adopted: January 23, 2024

STUDENTS

7:285 Anaphylaxis Prevention, Response, and Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger anaphylaxis. Students at risk for anaphylaxis benefit from a Board of Education policy that coordinates a planned response in the event of an anaphylactic emergency. Anaphylaxis is a severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat. A severe allergic reaction usually occurs quickly; death has been reported to occur within minutes. An anaphylactic reaction can also occur up to one to two hours after exposure to the allergen.

While it is not possible for the District to completely eliminate the risks of an anaphylactic emergency when a student is at school, an Anaphylaxis Prevention, Response, and Management Program using a cooperative effort among students' families, staff members, students, health care providers, emergency medical services, and the community helps the District reduce these risks and provide accommodations and proper treatment for anaphylactic reactions.

The Superintendent or designee shall develop and implement an Anaphylaxis Prevention, Response, and Management Program for the prevention and treatment of anaphylaxis that:

1. Fully implements the Ill. State Board of Education (ISBE)'s model policy required by the School Code that: (a) relates to the care and response to a person having an anaphylaxis reaction, (b) addresses the use of epinephrine in a school setting, (c) provides a full food allergy and prevention of allergen exposure plan, and (d) aligns with [105 ILCS 5/22-30](#) and [23 Ill.Admin.Code §1.540](#).
2. Ensures staff members receive appropriate training, including: (a) an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management, and (b) training required by law for those staff members acting as *trained personnel*, as provided in [105 ILCS 5/22-30](#) and [23 Ill.Admin.Code §1.540](#).
3. Implements and maintains a supply of undesignated epinephrine in the name of the District, in accordance with policy 7:270, *Administering Medicines to Students*.
4. Follows and references the applicable best practices specific to the District's needs in the Centers for Disease Control and Prevention's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs* and the *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*.
5. Provides annual notice to the parents/guardians of all students to make them aware of this policy.
6. Complies with State and federal law and is in alignment with Board policies.

Monitoring

Pursuant to State law and policy 2:240, *Board Policy Development*, the Board reviews and makes any necessary updates to this policy at least once every three years. The Superintendent or designee shall assist the Board with its review and any necessary updates.

The Superintendent or designee shall supervise an athletic trainer or other person responsible for compliance with the return-to-play protocol.
 - ii. A return-to-learn protocol governing a student's return to the classroom following a force of impact believed to have caused a concussion. The Superintendent or

designee shall supervise the person responsible for compliance with the return-to-learn protocol.

- c. Each student and the student's parent/guardian shall be required to sign a concussion information receipt form each school year before participating in an interscholastic athletic activity.

 - e. A student who was removed from interscholastic athletic practice or competition shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the return-to-play and return-to-learn protocols developed by the Concussion Oversight Team. An athletic team coach or assistant coach may not authorize a student's return-to-play or return-to-learn.
 - f. The following individuals must complete concussion training as specified in the YSCSA: all coaches or assistant coaches (whether volunteer or a district employee) of interscholastic athletic activities; nurses, licensed healthcare professionals or non-licensed healthcare professionals who serve on the Concussion Oversight Team (whether or not they serve on a volunteer basis); athletic trainers; game officials of interscholastic athletic activities; and physicians who serve on the Concussion Oversight Team.
 - g. The Board shall approve school-specific emergency action plans for interscholastic athletic activities to address the serious injuries and acute medical conditions in which a student's condition may deteriorate rapidly.
2. Comply with the concussion protocols, policies, and by-laws of the Illinois High School Association (IHSA), including its *Protocol for Implementation of NFHS Sports Playing Rules for Concussions*, which includes its *Return to Play (RTP) Policy*. These specifically require that:
 - a. A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game shall be removed from participation or competition at that time.
 - b. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer.
 - c. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois, advanced practice registered nurse, physician assistant or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.
 3. Require that all high school coaching personnel, including the head and assistant coaches, and athletic directors obtain online concussion certification by completing online concussion awareness training in accordance with [105 ILCS 25/1.15](#).
 4. Require all student athletes to view the IHSA video about concussions.
 5. Inform student athletes and their parent(s)/guardian(s) about this policy in the *Agreement to Participate* or other written instrument that a student athlete and his or her parent/guardian must sign before the student is allowed to participate in a practice or interscholastic competition.

6. Provide coaches and student athletes and their parent(s)/guardian(s) with educational materials from the IHSA regarding the nature and risk of concussions and head injuries, including the risks inherent in continuing to play after a concussion or head injury.
7. Include a requirement for staff members to distribute the Ill. Dept. of Public Health concussion brochure to any student or the parent/guardian of a student who may have sustained a concussion, regardless of whether or not the concussion occurred while the student was participating in an interscholastic athletic activity, if available.
8. Include a requirement for certified athletic trainers to complete and submit a monthly report to the IHSA on student-athletes who have sustained a concussion during: 1) a school-sponsored activity overseen by the athletic trainer; or 2) a school-sponsored event of which the athletic director is made aware.

The District and/or vendors under its control may need to collect and maintain data that personally identifies students in order to use certain educational technologies for the benefit of student learning or District operations.

Federal and State law govern the protection of student data, including school student records and/or *covered information*. The sale, rental, lease, or trading of any school student records or covered information by the District is prohibited. Protecting such information is important for legal compliance, District operations, and maintaining the trust of District stakeholders, including parents, students and staff. The Board designates the Chief Information Officer to serve as Privacy Officer, who shall ensure the District complies with the duties and responsibilities required of it under the Student Online Personal Protection Act, [105 ILCS 85/](#), amended by P.A. 101-516, eff. 7-1-21.

The Superintendent or designee shall ensure the District implements and maintains reasonable security procedures and practices that otherwise meet or exceed industry standards designed to protect covered information from unauthorized access, destruction, use, modification, or disclosure. 6:120 Education of Children with Disabilities

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Ill. State Board of Education (ISBE) *Special Education* rules, that special education services are needed. Children with disabilities who turn 22 years old during the school year are eligible for such services through the end of the school year.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District's students with disabilities.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

6:135 Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s).
2. Processes that provide a student's parent(s)/guardian(s) with:
 - a. Written notification when their child is eligible for enrollment in accelerated courses; and
 - b. Notification of a decision affecting their child's participation in the APP.
3. Assessment processes that include multiple valid, reliable indicators.
4. The automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under [105 ILCS 5/2-3.64a-5](#), as follows:
 - a. A student who meets or exceeds State standards in English language arts shall be automatically enrolled into the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.
 - b. A student who meets or exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.
 - c. A student who meets or exceeds State standards in science shall be automatically enrolled into the next most rigorous level of advanced coursework in science.
5. Waiver of a course completion requirement under Board policy 6:300, *Graduation Requirements*, if the District determines that the student has demonstrated mastery of or competency in the content of the course or unit of instruction.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement, including strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework. Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

6:235 Access to Electronic Networks

Internet Acceptable Use Policy (IAUP)

We are pleased to offer students of the Urbana School District #116 access to the District computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form each year to the school office. Students 18 and over may sign their own forms.

Access to e-mail and the internet will enable students to explore thousands of libraries and databases while exchanging messages with internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, Urbana School District #116 supports and respects each family's right to decide whether or not to apply for access.

District Internet and E-mail Rules

Students are responsible for good behavior on school computer networks as they are in a classroom or school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege - NOT A RIGHT. Access entails responsibility. Individual users of the District computer networks are responsible for their behavior and communications over our network. It is presumed that users will comply with District standards and will honor the agreements they have signed. Beyond the clarification of such standards, the District is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on District servers will always be private. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

As outlined in Board policy and procedures on students' rights and responsibilities, copies of which are available in school offices, the following are NOT permitted:

- sending or displaying offensive messages or pictures
- using obscene language
- harassing, insulting or attacking others
- damaging computers, computer systems or computer networks
- violating copyright laws
- using another's password
- trespassing in another's folders, work or files
- intentionally wasting limited resources
- employing the network for commercial purposes

- accessing games, IRC (chats), MUD's, MOO's, MUVE's or other similar sites without permission from a teacher

Violations may result in a loss of access as well as other disciplinary or legal actions.

Top Six Things to Know Prior to Using the Internet

1. The Internet is a network of computers and computer networks that provides access to information contained on millions of computers around the world.
2. Because the information on the Internet comes from all over the world, we need to understand that neither Urbana School District #116 nor any staff member controls the content of this information. Some information may be controversial, offensive, or inaccurate.
3. The Internet is a powerful resource tool. When at school, students should use it under the direction and guidance of professional staff for educational purposes only.
4. Any information that is available on the internet is the product of another individual's work, and must be cited if used. This information is referred to as intellectual property and includes pictures, logos, trademarks, printed materials, computer software, video and sounds.
5. The Internet allows students not only to receive information, but to send it to others. In light of that, students should behave in a responsible manner when communicating electronically.
6. Urbana School District #116 uses a filtering/blocking software, it is important to note that no filtering/blocking software is 100% guaranteed and must be paired with supervision and good parental involvement.

All visitors must sign a visitors' log, show identification, and wear a visitor's badge. When leaving the school, visitors must return their badge. On those occasions when large groups of parents/guardians, friends, and/or community members are invited onto school property or when community members are attending Board meetings, visitors are not required to sign in but must follow school officials' instructions. Persons on school property without permission will be directed to leave and may be subject to criminal prosecution.

Except as provided in the next paragraph, any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Requests to access a school building, facility, and/or educational program, or to interview personnel or a student for purposes of assessing the student's special education needs, should be made at the appropriate building. Access shall be facilitated according to guidelines from the Superintendent or designee.

The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event. No person on school property or at a school event (including visitors, students, and employees) shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, Board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner, or use vulgar or obscene language.

9. Be present when the person's alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectable, regardless of when and/pr where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied with policy 7:270, *Administering Medicines to Students*, implementing *Ashley's Law*.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the Board.

14. Operate a bicycle, roller-blades, roller-skates, or skateboards on school grounds in a manner that endangers the safety of self or others.
15. Violate other District policies or regulations, or a directive from an authorized security officer or District employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the District or a School function.

Convicted Child Sex Offender

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender meets either of the following two exceptions:

1. The offender is a parent/guardian of a student attending the school and has notified the Building Principal of his or her presence at the school for the purpose of: (i) attending a conference with school personnel to discuss the progress of his or her child academically or socially, (ii) participating in child review conferences in which evaluation and placement decisions may be made with respect to his or her child regarding special education services, or (iii) attending conferences to discuss other student issues concerning his or her child such as retention and promotion; or
2. The offender received permission to be present from the Board, Superintendent, or Superintendent's designee. If permission is granted, the Superintendent or Board President shall provide the details of the offender's upcoming visit to the Building Principal.

In all cases, the Superintendent, or designee who is a certified employee, shall supervise a child sex offender whenever the offender is in a child's vicinity.

Exclusive Bargaining Representative Agent

Please refer to the applicable collective bargaining agreement(s).

For employees whose collective bargaining agreement does not address this subject:

Upon notifying the Building Principal's office, authorized agents of an exclusive bargaining representative will be provided reasonable access to employees in the bargaining unit they represent in accordance with State law. Such access shall be conducted in a manner that will not impede the normal operations of the District.

Enforcement

Any staff member may request identification from any person on school property; refusal to provide such information is a criminal act. The Building Principal or designee shall seek the immediate removal of any person who refuses to provide requested identification.

Any person who engages in conduct prohibited by this policy may be ejected from or denied admission to school property in accordance with State law. The person also may be subject to being denied admission to school athletic or extracurricular events for up to one calendar year in accordance with the procedures below.

Procedures to Deny Future Admission to Athletic or Extracurricular School Events

Before any person may be denied admission to athletic or extracurricular school events, the person has a right to a hearing before the Board. The Superintendent may refuse the person admission pending such hearing. The Superintendent or designee must provide the person with a hearing notice, delivered or sent by certified mail with return receipt requested, at least 10 days before the Board hearing date. The hearing notice must contain:

1. The date, time, and place of the Board hearing,
2. A description of the prohibited conduct,

3. The proposed time period that admission to school events will be denied, and
4. Instructions on how to waive a hearing.

8:70 Accommodating Individuals with Disabilities

Individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities and will not be subject to illegal discrimination. When appropriate, the District may provide to persons with disabilities aids, benefits, or services that are separate or different from, but as effective as, those provided to others.

The District will provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity. Each service, program, website, or activity operated in existing facilities shall be readily accessible to, and useable by, individuals with disabilities. New construction and alterations to facilities existing before January 26, 1992, will be accessible when viewed in their entirety.

The Superintendent is designated the Title II Coordinator and shall:

1. Oversee the District's compliance efforts, recommend necessary modifications to the School Board, and maintain the District's final Title II self-evaluation document, update it to the extent necessary, and keep it available for public inspection for at least three years after its completion date.
2. Institute plans to make information regarding Title II's protection available to any interested party.

Individuals with disabilities should notify the Superintendent or Building Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent or designated Title II Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

8:90 Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the Board of Education welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent.

Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members, including on any organization or club websites or social media accounts.
5. An agreement to maintain and protect its own finances.
6. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the liaison to parent organizations or booster clubs. The recognized liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

4:130 Free and Reduced-Price Food Services

Notice

The Superintendent shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

If State funding is available for the Healthy School Meals for All Program, the Board will annually determine if it will participate in the program.

Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education. From time to time, the income eligibility guidelines and standards may not be necessary when reimbursements for students' free breakfasts and lunches are claimed through the U.S. Depts. of Agriculture and Education's Community Eligibility Provision (CEP). When claiming the CEP, the District will follow its requirements.

Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in [7 C.F.R. §245.7](#), Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of three years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for three years.

3. The student is homeless, as defined in the McKinney-Vento Homeless Assistance Act ([42 U.S.C. §11434a](#)).

Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees and fines in accordance with State law requirements.

If a student receiving a waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. Safety and Security

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property or at a District event. The Superintendent or designee shall develop, implement, and maintain a comprehensive safety and security plan that includes, without limitation:

1. An emergency operations and crisis response plan(s) addressing prevention, preparation, response, and recovery for each school;
2. Provisions for a coordinated effort with local law enforcement and fire officials, emergency medical services personnel, and the Board Attorney;
3. A school safety drill plan;
4. Instruction in safe bus riding practices; and
5. A clear, rapid, factual, and coordinated system of internal and external communication.

In the event of an emergency that threatens the safety of any person or property, students and staff are encouraged to follow the best practices discussed for their building regarding the use of any available cellular telephones.

School Safety Drill Plan

During every academic year, each school building that houses school children shall conduct, at a minimum, each of the following in accordance with the School Safety Drill Act ([105 ILCS 128/](#)):

1. Three school evacuation drills to address and prepare students and school personnel for fire incidents. One of these three drills shall require the participation of the local fire department or district.
2. One bus evacuation drill.
3. One severe weather and shelter-in-place drill to address and prepare students and school personnel for possible tornado incidents.
4. One law enforcement lockdown drill to address a school shooting incident and to evaluate the preparedness of school personnel and students. This drill shall occur no later than 90 days after the first day of school of each year and shall require the participation of all school personnel and students present at school at the time of the drill, except for those exempted by administrators, school support personnel, or a parent/guardian.

Annual Review

The Board or its designee will annually review each school building's emergency operations and crisis response plan(s), protocols, and procedures, as well as each building's compliance with the school safety drill plan. This annual review shall be in accordance with the School Safety Drill Act ([105 ILCS 128/](#)) and the Joint Rules of the Office of the State Fire Marshal and the Ill. State Board of Education (ISBE).

Automated External Defibrillator (AED)

At least one automated external defibrillator (AED) shall be present in each District attendance center during the school day and during any District-sponsored extracurricular activity on school grounds. In addition, the Superintendent or designee shall implement a written plan for responding to medical emergencies at the District's physical fitness facilities in accordance with the Fitness Facility Medical Emergency Preparedness Act and shall file a copy of the plan with the Ill. Dept. of Public Health (IDPH). The plan shall provide for at least one AED to be available at every physical fitness facility on the premises according to State law requirements.

The District shall have an AED on site as well as a trained AED user: (1) on staff during staffed business hours; and (2) available during activities or events sponsored and conducted or supervised by the District. The Superintendent or designee shall ensure that every AED on the District's premises is properly tested and maintained in accordance with rules developed by the IDPH. This policy does not create an obligation to use an AED.

Carbon Monoxide Alarms

The Superintendent or designee shall implement a plan with the District's local fire officials to:

1. Determine which school buildings to equip with approved *carbon monoxide alarms* or *carbon monoxide detectors*,
2. Locate the required carbon monoxide alarms or carbon monoxide detectors within 20 feet of a carbon monoxide emitting device, and
3. Incorporate carbon monoxide alarm or detector activation procedures into each school building that requires a carbon monoxide alarm or detector. The Superintendent or designee shall ensure each school building annually reviews these procedures.

Soccer Goal Safety

The Superintendent or designee shall implement the Movable Soccer Goal Safety Act in accordance with the guidance published by the IDPH. Implementation of the Act shall be directed toward improving the safety of movable soccer goals by requiring that they be properly anchored.

Unsafe School Choice Option

The unsafe school choice option provided in State law permits students to transfer to another school within the District in certain situations. This transfer option is unavailable in this District because each grade is in only one attendance center. A student, who would otherwise have qualified for the choice option, or such a student's parent/guardian, may request special accommodations from the Superintendent or designee.

Lead Testing in Water

The Superintendent or designee shall implement testing for lead in each source of drinking water in school buildings in accordance with the Ill. Plumbing License Law and guidance published by the IDPH. The Superintendent or designee shall notify parent(s)/guardian(s) about the sampling results from their children's respective school buildings.

4:190 Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure District environment is an important Board goal. While it is not possible for the District to completely eliminate threats in its environment, a Targeted School Violence Prevention Program (Program) using the collective efforts of local school officials, staff, students, families, and the community helps the District reduce these risks to its environment.

The Superintendent or designee shall develop and implement the Program. The Program oversees the maintenance of a District environment that is conducive to learning and working by identifying, assessing, classifying, responding to, and managing threats and acts of targeted school violence. The Program shall be part of the District's Comprehensive Safety and Security Plan, required by Board policy 4:170, *Safety*, and shall:

1. Establish a District-level School Violence Prevention Team to: (a) develop a District-level Targeted School Violence Prevention Plan, and (b) oversee the District's Building-level Threat Assessment Team(s).
2. Establish Building-level Threat Assessment Team(s) to assess and intervene with individuals whose behavior may pose a threat to safety. This team may serve one or more schools.
3. Require all District staff, volunteers, and contractors to report any expressed threats or behaviors that may represent a threat to the community, school, or self.
4. Encourage parents/guardians and students to report any expressed threats or behaviors that may represent a threat to the community, school, or self.

5. Comply with State and federal law and align with Board policies.

The Local Governmental and Governmental Employees Tort Immunity Act protects the District from liability. The Program does not: (1) replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in violence prevention, assessments and counseling services, (2) extend beyond available resources within the District, (3) extend beyond the school day and/or school-sponsored events, or (4) guarantee or ensure the safety of students, District staff, or visitors.

BOARD OF EDUCATION

2:265 Title IX Grievance Procedure

Discrimination on the basis of sex, including sex-based harassment, affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from discrimination on the basis of sex is an important District goal.

The District does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations ([34 C.F.R. Part 106](#)), including against applicants for employment, students, parents/guardians, employees, and third parties.

Title IX Sex Discrimination Prohibited

Sex discrimination as defined in Title IX (Title IX Sex Discrimination) is prohibited. A District employee, agent, or student violates this prohibition whenever that person engages in conduct on the basis of sex that causes another person to be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any education program or activity operated by the District. Title IX Sex Discrimination includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and/or gender identity.

Sex-based harassment is a form of Title IX Sex Discrimination. Sex-based harassment occurs whenever a person engages in conduct on the basis of sex that satisfies one or more of the following:

1. A District employee, agent, or other person authorized by the District to provide an aid, benefit, or service under the District's education program or activity explicitly or impliedly conditions the provision of an aid, benefit, or service on a person's participation in unwelcome sexual conduct;
or

2. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the District's education program or activity; or
3. Sexual assault, dating violence, domestic violence, or stalking as defined in [34 C.F.R. §106.2](#).

Definitions from 34 C.F.R. §106.2

Complainant means: (1) a student or employee who is alleged to have been subjected to conduct that could constitute Title IX Sex Discrimination; or (2) a person other than a student or employee who is alleged to have been subjected to conduct that could constitute Title IX Sex Discrimination and who was participating or attempting to participate in the District's education program or activity at the time of the alleged Title IX Sex Discrimination.

Complaint means an oral or written request to the District that objectively can be understood as a request for the District to investigate and make a determination about alleged discrimination under Title IX.

Respondent means a person who is alleged to have violated the District's prohibition on Title IX Sex Discrimination.

Retaliation means intimidation, threats, coercion, or discrimination against any person by the District, a student, or an employee or other person authorized by the District to provide aid, benefit, or service under the District's education program or activity, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the person has reported information, made a Complaint, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under the Title IX regulations.

Making a Report

A person who wishes to make a report under this policy may make a report to the Title IX Coordinator, Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any employee with whom the person is comfortable speaking.

School employees who receive information about conduct that reasonably may constitute Sex Discrimination under this policy shall promptly forward the report or information to the Title IX Coordinator. An employee who fails to promptly make or forward a report or information may be disciplined, up to and including discharge.

The Superintendent shall insert into this policy and keep current the name, office address, email address, and telephone number of the Title IX Coordinator.

Title IX Coordinator:

Angi Franklin, Assistant Superintendent of Human Resources
1101 East University Ave., Suite B,
Urbana, IL 61802
afranklin@usd116.org
217-384-3641

Processing and Reviewing a Report or Complaint

Upon receipt of a report of conduct that reasonably may constitute Title IX Sex Discrimination, the Title IX Coordinator and/or designee shall offer and coordinate supportive measures, as appropriate, for a Complainant.

Further, the Title IX Coordinator will analyze the report to identify and determine whether there is another or an additional appropriate method(s) for processing and reviewing it. For any report received, the Title IX Coordinator shall review Board policies 2:260, *Uniform Grievance Procedure*; 5:10, *Equal Employment Opportunity and Minority Recruitment*; 5:20, *Workplace Harassment Prohibited*; 5:90, *Abused and Neglected Child Reporting*; 5:120, *Employee Ethics; Code of Professional Conduct*; and *Conflict of Interest*; 7:10, *Equal Educational Opportunities*; 7:20,

Harassment of Students Prohibited; 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*; 7:185, *Teen Dating Violence Prohibited*; and 7:190, *Student Behavior*, to determine if the allegations in the report require further action under those policies.

Reports of alleged Title IX Sex Discrimination will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational program or activity that is productive, respectful, and free of Title IX Sex Discrimination.

Title IX Complaint Grievance Process

The Superintendent or designee shall implement procedures to ensure the prompt and equitable resolution of all Complaints according to a grievance process that fully complies with [34 C.F.R. §106.45](#). See the District's Title IX Complaint Grievance Process (Grievance Process) under administrative procedure 2:265-AP2, *Formal Title IX Complaint Grievance Process*.

When a Complaint is filed, the Title IX Coordinator will investigate it and make a determination regarding the outcome of the Complaint, or appoint a qualified person(s) to undertake the investigation and make a determination regarding the outcome of the Complaint.

Enforcement

Any District employee who is determined, at the conclusion of the Grievance Process, to have engaged in Title IX Sex Discrimination will be subject to disciplinary action up to and including discharge. Any third party who is determined, at the conclusion of the Grievance Process, to have engaged in Title IX Sex Discrimination will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent/guardian, invitee, etc. Any District student who is determined, at the conclusion of the Grievance Process, to have engaged in Title IX Sex Discrimination will be subject to disciplinary action, including, but not limited to, suspension and expulsion consistent with student behavior policies. Any person making a knowingly false accusation regarding Title IX Sex Discrimination will likewise be subject to disciplinary action.

This policy does not increase or diminish the ability of the District or the parties to exercise any other rights under existing law.

Retaliation Prohibited

The District prohibits any form of retaliation, including peer retaliation, in its education program or activity. Any person should report claims of retaliation using this Board policy 2:265, *Title IX Grievance Procedure*.

A student, employee, or other person authorized by the District to provide aid, benefit, or service under the District's education program or activity who retaliates against others for reporting or complaining of violations of this policy or for participating in any manner under this policy will be subject to disciplinary action, up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.

BOARD OF EDUCATION

2:270 Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited

NEW

Discrimination and harassment on the basis of race, color, or national origin negatively affect a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District goal. The District does not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities, and it complies with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts; name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

Making a Report or Complaint: Investigation Process

Individuals are encouraged to promptly report claims or incidences of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports under this policy will be processed under Board policy 2:260, *Uniform Grievance Procedure*.

Any District employee who receives a report or complaint of discrimination or harassment must promptly forward the report or complaint to the Nondiscrimination Coordinator or a Complaint Manager. Any employee who fails to promptly comply may be disciplined, up to and including discharge.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

This policy does not impair or otherwise diminish the existing rights of unionized employees to request an exclusive bargaining representative to be present during any investigatory interviews, nor does this policy diminish any rights available under an applicable collective bargaining agreement, including, but not limited to, a grievance procedure.

Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Ill. Dept. of Human Rights (IDHR) or the

U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: <https://dhr.illinois.gov/about-us/contact-idhr.html> or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

Prevention and Response Program

The Superintendent or designee shall establish a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program shall include procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and
6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

Policy Posting and Distribution

This policy shall be posted on the District's website. The Superintendent shall annually inform staff members of this policy by posting it in a prominent and accessible location such as the District website, employee handbook, staff intranet site, and/or in other areas where policies and rules of conduct are made available to staff. The Superintendent shall annually inform students and their parents/guardians of this policy by posting it on the District's website and including an age-appropriate summary of the policy in the student handbook(s).

Enforcement

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, up to and including discharge.

Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, including but not limited to, suspension and expulsion consistent with Board policy 7:190, *Student Behavior*.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to remedial and/or disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints, participating in the complaint process, or otherwise providing information about discrimination or harassment based on race, color, or national origin is prohibited (see Board policy 2:260, *Uniform Grievance Procedure*).

Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

General Personnel

5:90 Abused and Neglected Child Reporting

Any District employee who suspects or receives knowledge that a student may be an abused or neglected child or, for a student aged 18 through 22, an abused or neglected individual with a disability, shall immediately report or cause a report to be made to the Ill. Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873)(within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY). Any District employee who believes a student is in immediate danger of harm, shall first call 911.

The report shall include, if known:

1. The name and address of the child, parent/guardian names, or other persons having custody;
2. The child's age;
3. The child's condition, including any evidence of previous injuries or disabilities; and
4. Any other information that the reporter believes may be helpful to DCFS for its investigation.

The employee shall also promptly notify the Superintendent or Building Principal that a report has been made. The Superintendent or Building Principal shall immediately coordinate any necessary notifications to the student's parent(s)/guardian(s) with DCFS, the applicable school resource officer (SRO), and/or local law enforcement. Negligent failure to report occurs when a District employee personally observes an instance of suspected child abuse or neglect and reasonably believes, in his or her professional or official capacity, that the instance constitutes an act of child abuse or neglect under the Abused and Neglected Child Reporting Act (ANCRA) and he or she, without willful intent, fails to immediately report or cause a report to be made of the suspected abuse or neglect to DCFS.

Any District employee who discovers child pornography on electronic and information technology equipment shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children's CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.missingkids.org. The Superintendent or Building Principal shall also be promptly notified of the discovery and that a report has been made.

Any District employee who observes any act of hazing that does bodily harm to a student must report that act to the Building Principal, Superintendent, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Superintendent or Building Principal. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Abused and Neglected Child Reporting Act (ANCRA), School Code, and *Erin's Law* Training

The Superintendent or designee shall provide staff development opportunities for District employees in the detection, reporting, and prevention of child abuse and neglect.

All District employees shall:

1. Before beginning employment, sign the *Acknowledgement of Mandated Reporter Status* form provided by DCFS. The Superintendent or designee shall ensure that the signed forms are retained.
2. Complete mandated reporter training as required by law within three months of initial employment and at least every three years after that date.
3. Complete an annual evidence-informed training related to child sexual abuse, grooming behaviors (including *sexual misconduct* as defined in *Faith's Law*), and boundary violations as required by law and policy 5:100, *Staff Development Program*.

Alleged Incidents of Sexual Abuse; Investigations

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in [720 ILCS 5/11-9.1A](#), that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

If a District employee reports an alleged incident of sexual abuse to DCFS and DCFS accepts the report for investigation, DCFS will refer the matter to the local Children's Advocacy Center (CAC). The Superintendent or designee will implement procedures to coordinate with the CAC.

DCFS and/or the appropriate law enforcement agency will inform the District when its investigation is complete or has been suspended, as well as the outcome of its investigation. The existence of a DCFS and/or law enforcement investigation will not preclude the District from conducting its own parallel investigation into the alleged incident of sexual abuse in accordance with Board policy 7:20, *Harassment of Students Prohibited*.

Special Superintendent Responsibilities

The Superintendent shall execute the requirements in Board policy 5:150, *Personnel Records*, whenever another school district requests a reference concerning an applicant who is or was a District employee and was the subject of a report made by a District employee to DCFS.

When the Superintendent has reasonable cause to believe that a license holder (1) committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child under ANCRA or an act of sexual misconduct under *Faith's Law*, and (2) that act resulted in the license holder's dismissal or resignation from the District, the Superintendent shall notify the State Superintendent and the Regional Superintendent in writing, providing the Ill. Educator Identification Number as well as a brief description of the misconduct alleged. The Superintendent must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

The Superintendent shall develop procedures for notifying a student's parents/guardians when a District employee, contractor, or agent is alleged to have engaged in sexual misconduct with the student as defined in *Faith's Law*. The Superintendent shall also develop procedures for notifying the student's parents/guardians when the Board takes action relating to the employment of the employee, contractor, or agent following the investigation of sexual misconduct. Notification shall not occur when the employee, contractor, or agent alleged to have engaged in sexual misconduct is the student's parent/guardian, and/or when the student is at least 18 years of age or emancipated.

The Superintendent shall execute the recordkeeping requirements of *Faith's Law*.

Special School Board Member Responsibilities

Each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in ANCRA, direct or cause the

Board to direct the Superintendent or other equivalent school administrator to comply with ANCRA's requirements concerning the reporting of child abuse.

If the Board determines that any District employee, other than an employee licensed under [105 ILCS 5/21B](#), has willfully or negligently failed to report an instance of suspected child abuse or neglect as required by ANCRA, the Board may dismiss that employee immediately.

When the Board learns that a licensed teacher was convicted of any felony, it must promptly report it to the State agencies listed in Board policy 2:20, *Powers and Duties of the Board of Education; Indemnification*.
